1. Typographic Conventions

Typographic conventions are used with the following meanings: Screen names and field names are capitalized. For example: In the Transaction screen, move to the Search field.

Buttons and other “clickable” items appear in bold. For example: Click **Submit**.

Required input (that you enter exactly as shown) appears in Courier font. For example: Type: ABCDE

Variable input (that you provide) appears in italic Courier font. For example: Type your *Password*

System messages (and other screen output) appear in bold Courier font. For example:

PASSWORD CHANGE COMPLETED

Tips, Notes, Important Notes, Cautions, and Warnings appear as shown below:

Tip

A way to make your work easier.

Note

Further information about the current subject.

Important

An emphatic note about the current subject.

Caution

An important point that could prevent an inconvenience.

Warning

An important point that could prevent a financial loss, or loss of data.

2. eStrataHub Overview

eStrataHub provides a fast, reliable method to order documents from strata management companies.

eStrataHub is available through two distribution channels – The Access Point web site at www.apicanada.com and the myLTSA Enterprise site at <https://ltsa.ca/>

2.1 Registration and Payment Methods

Strata documents retrieved through the Access Point web site are paid for with a credit card, and strata documents retrieved through myLTSA Enterprise are paid for with a myLTSA Enterprise deposit account.

Both sites require customers to register in order to make use of the services. Registration with Access Point just take a few minutes, and registration with myLTSA Enterprise can take 3 to 5 days.

2.2 Order Documents

You can use a property's Strata Plan Number to locate the strata management company. If the company is registered with eStrataHub, you can order documents such as a Form B, Form F, and Financial Statements from them. See Ordering Documents on page 10.

Tip

If you work with a strata management company that is not yet part of eStrataHub, refer them to www.estratahub.com so they will be able to register their properties.

2.3 Eli Report now available through eStrataHub

Eli Report has now been integrated with eStrataHub. With this new integration, real estate professionals can order an Eli Report from directly within eStrataHub as part of the document ordering process.

A proper review of the strata documents is an [essential part of the condo purchase process](#). Unfortunately, this can be time consuming. Now, with a single click as part of an eStrataHub order, realtors in British Columbia can order an Eli Report (see sample [here](#)) which will be delivered within minutes. This AI-powered tool acts as a second set of eyes to identify potential concerns, allowing realtors to elevate their level of service, and better inform their clients.

2.4 Provide an Undertaking

Undertakings are documents provided by legal practitioners such as Lawyers and Notaries. For the conveyance of a property from one owner to another, the Undertaking binds the practitioner to some action or payment relating to the conveyance. Homeowners and Realtors are not required to provide Undertakings.

eStrataHub makes it easy for practitioners to communicate with strata managers and send an undertaking letter. See Provide an Undertaking on page 31.

2.5 Paying for Your Order

When you place your order through APIC, the credit card information you provide is required to authenticate that the credit card is valid. There are no charges to your card until you complete payment and the documents are released to you.

On the day you requested delivery, you will receive an email alerting you that your order is ready to be paid for. This is your cue to log back into eStrataHub, open the details of your order, and click the Complete Payment button.

Once payment is made, you will have an opportunity to download your documents to your workstation or send an email which has links to the documents imbedded in the email.

Orders placed through myLTSA Enterprise operate the same way. The myLTSA Enterprise deposit account is not debited until you click the Complete Payment button.

2.6 Receive the Documents You Ordered

When the strata manager delivers your documents, eStrataHub sends you a summary of the documents and an invoice. If everything is correct, you can pay for your order using your myLTSA Enterprise account (see Complete Payment on page **Error! Bookmark not defined.**) and receive the documents in a single "PDF Portfolio" file (see Receive Your Documents on page **Error! Bookmark not defined.** and View, Print, or Save Your Documents on page **Error! Bookmark not defined.**). Note that you can also pay by credit card if you register with www.apicanada.com.

3. Minimum Software Requirements

The proper software is needed to place your order, and to view and print the strata documents.

To use eStrataHub effectively, you should have:

- The latest version of Internet Explorer, Google Chrome, or Firefox.
- The latest version of Adobe Acrobat. If you are having problems opening your files, you have two alternatives:
 - Download and install the latest version of the free Adobe Reader and the associated Flashplayer:
 - <https://get.adobe.com/reader>
 - <https://get.adobe.com/flashplayer>
 - If you plan to use Adobe Acrobat Standard or Professional to sign EFS documents and will not be using the Reader version of Acrobat, then you need to download and install the free Flashplayer plugin:
 - Flashplayer: <http://get.adobe.com/flashplayer>

Note

Other PDF viewer software should work with the links to the individual files that make up the documents in your order. However, these other viewers may have difficulty viewing the Portfolio file that contains all of your documents in one file.

3.1 “My Orders” and “All Account Orders”

When you log in and select eStrataHub, you will see the orders that you submitted.

If using myLTSA Enterprise, you can work with orders from other people in your account by clicking the **All Account Orders** link in the lower left corner of the eStrataHub screen.

Figure 1: All eStrataHub orders in my MyLTSA Enterprise account.

When you click All Account Orders, all orders initiated from everyone in your myLTSA Enterprise account (including your own) will display. You can then work on orders that were placed by others in your account.

Figure 2: My eStrataHub orders.

If you wish to switch back and just see your own orders, click the My Orders link in the lower left corner of the eStrataHub screen.

4. Ordering Documents

You can use eStrataHub to find strata property management companies and order documents from them. Before you begin, make sure that you know the property's Strata Plan Number and Lot Number. See:

- [Start eStrataHub](#) on page 11.
- The [My Orders](#) on page 12.
- [Place an Order](#) on page 14.
- [Order an Eli Report](#) on page 16.
- [Receive Messages](#) on page 26.
- [Send Messages](#) on page 28.
- [Provide an Undertaking](#) on page 29.
- [Complete Payment](#) on page 35.
- [Receive Your Documents](#) on page 38.
- If you need to move an order's delivery date to an earlier (or later) date, see:
- [Change an Order's Delivery Date](#) on page 31.

4.1 Start eStrataHub

To access eStrataHub through myLTSA Enterprise, sign on as you normally do, then:

1. Select **Service Provides** on the menu bar
2. select **eStrataHub** from the drop down.

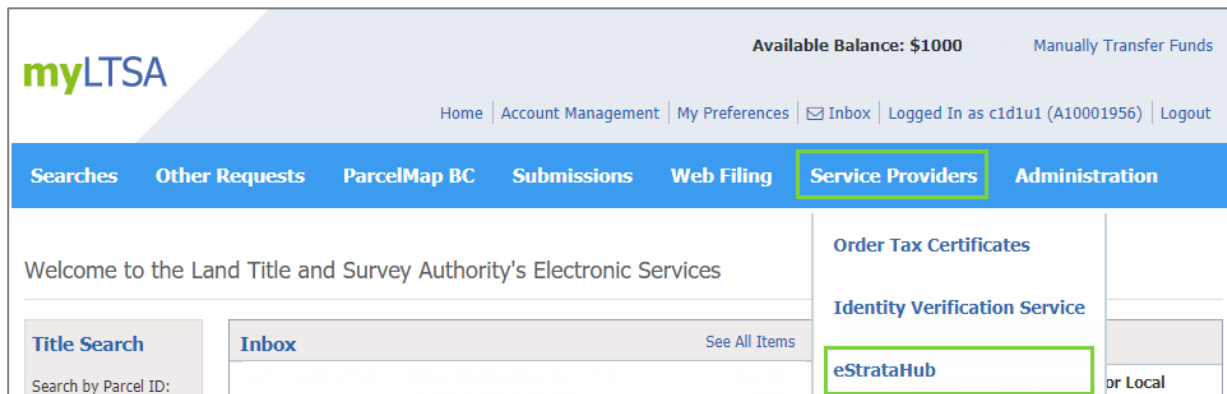

Figure 3: myLTSA Enterprise menu with eStrataHub selected.

To access eStrataHub through the APIC Portal, go to www.apicanada.com, then:

1. If you need to set up an APIC account, click the **Register** link.
2. Once you have registered and signed into APIC, you can click **Purchase Documents or Manage Existing Orders**.

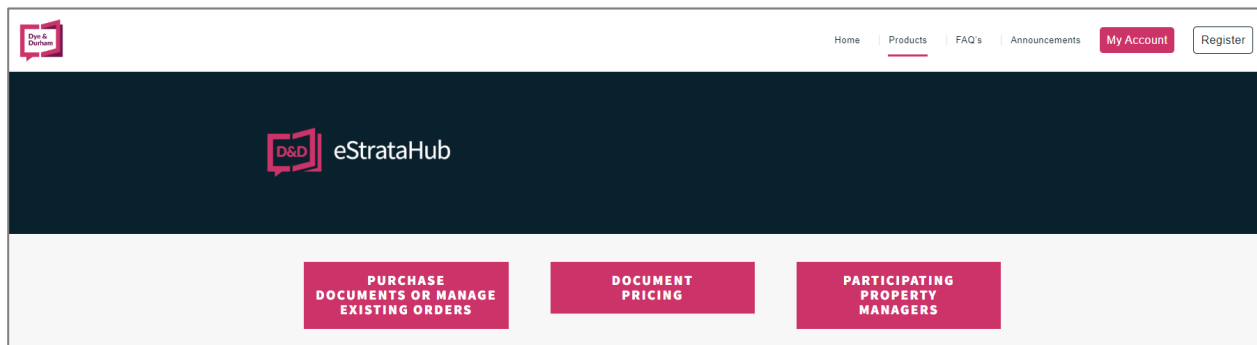

Figure 4: APIC home page showing Registration link and eStrataHub .

4.2 My Orders

The first time you use eStrataHub, your My Orders will be empty.

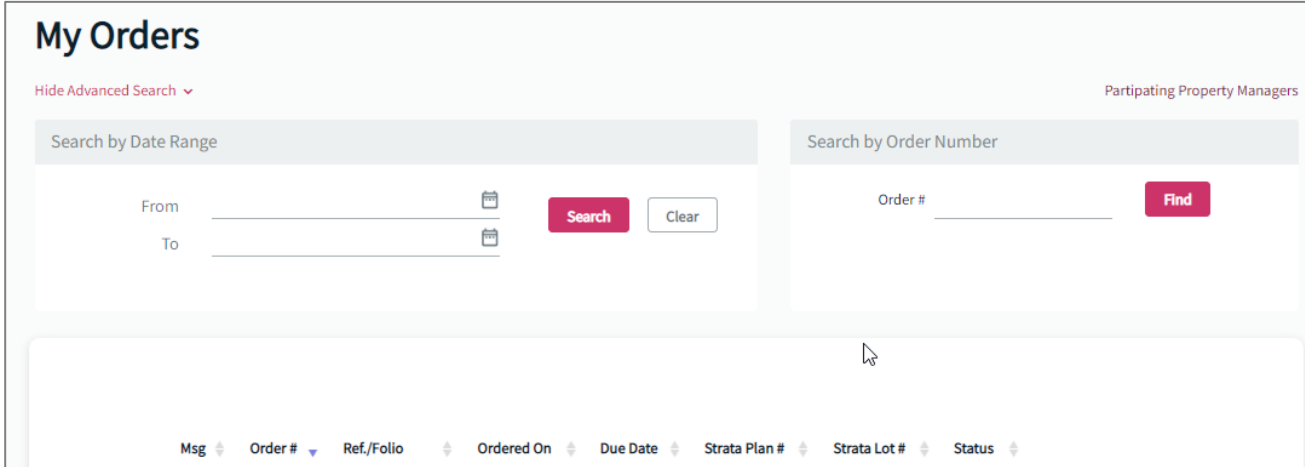

Figure 5: eStrataHub My Orders screen with no orders.

As you use eStrataHub, all your orders will appear in the My Orders. Orders remain in the My Orders for 60 days.

There are a number of ways to locate an order:

1. Use the Order# field to find *any* order *ever* placed by you or your firm (including orders more than 60 days old). Just enter the order number and click **Find**.
2. Use the From and To fields to list *only* orders that were made during a specific date range (from a single day to a maximum of three months). Click the calendar icons to select start and end dates, then click **Search**. To reset the My Orders to display orders from the last 60 days, click **Clear**.
3. Click any heading to sort the index by Order #, Reference/Folio, Ordered On Date, Due Date, and so on. Click the heading again to reverse the sort order.
4. If there are multiple pages of choices, click a page number to move ahead or back.
5. Click **My Orders** to list only orders that you made. Click **All Account Orders** to list all orders made by everyone in your account.

Figure 6: eStrataHub Order Index screen with orders.

4.3 Place an Order

Placing a new order for documents is a five-step process. Click **Create New Order** to go to step one.

4.3.1 Step One: Locate the Property Management Company

1. In the Order Reference/Folio field, you can enter your own client identifier (e.g., SMITH123) to "tag" each order. Whatever you enter here will appear on your myLTSa statement, along with charges for the order. If you pass such costs along to your clients, this can help you with your accounting.
2. Enter the property's Strata Plan number and Strata Lot number. If you don't know these numbers, click the link to search by building name. In the pop-up window, start typing the name of the building, and a list of possible candidates will appear. Click the one you want, and the Strata Plan will be filled in for you.
3. In the Acknowledgement section, indicate your role by selecting **Real Estate Agents, Lawyers & Notaries**, or **Homeowners**.
4. Click **Next**.

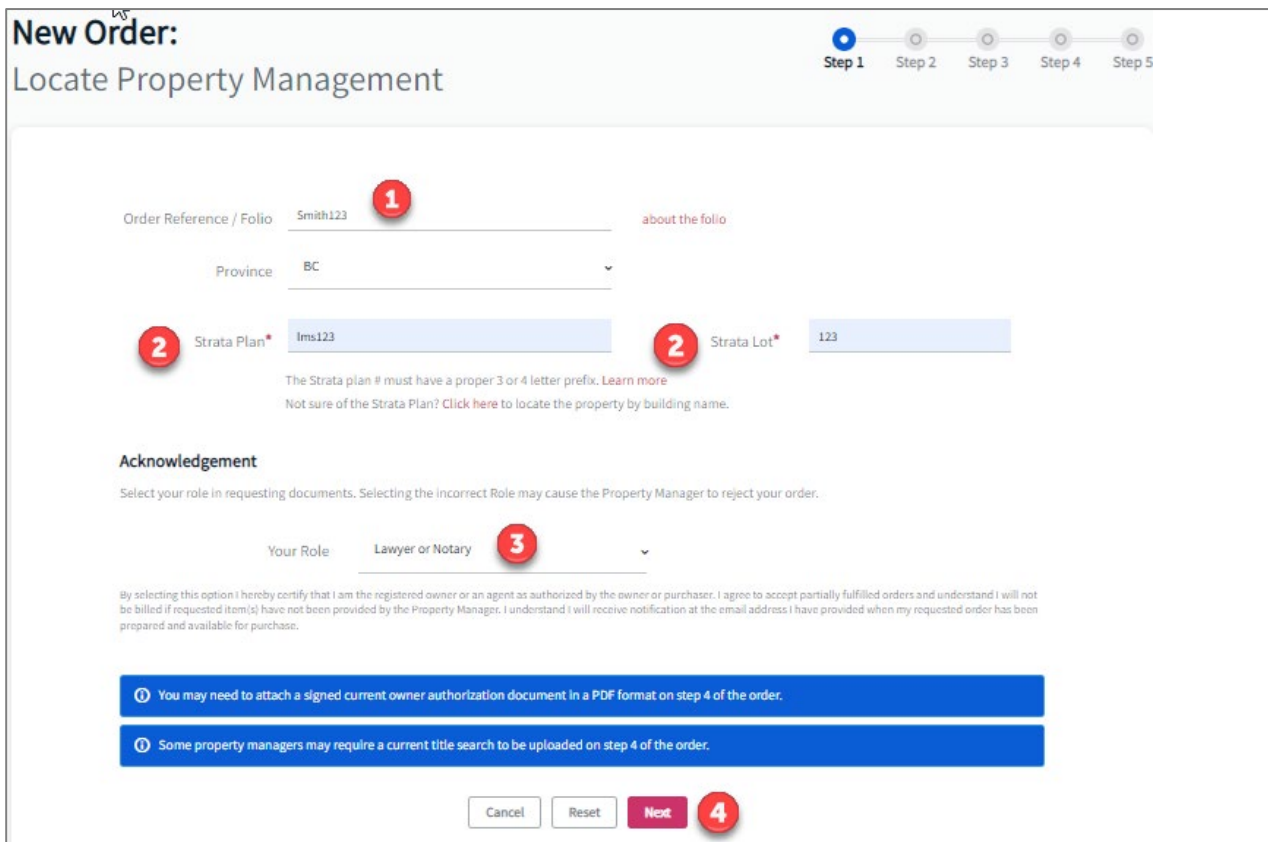

Figure 7: Screen 1 of create new order process.

- Some strata properties have multiple sections (e.g., a building with retail stores on the ground floor, commercial offices above, and residential units on top). Each section will have its own strata council, and may have its own Strata Management company. In this situation, you will be able to choose from an index like the one below. (Note that you may have to indicate your role again.) Select the correct management firm, then select **Real Estate Agents, Lawyers & Notaries**, or **Homeowners** and click **Next**.

This Strata Plan Number is a Sectioned Property. Please note that if the Strata Manager manages these Sections, you may receive and be charged for multiple Form B's and Form F's.

Please select the Section you need

Select	Plan Number	Section Name	Section Description	Manager
<input type="radio"/>	LMS123	test		Aaroca Systems
<input type="radio"/>	LMS123	Commercial	Store front	AODC Test

Figure 8: Portion of Screen 1 showing multiple Sections for a strata building.

Some strata management companies require that customers agree to pay for unclaimed orders. You might see a dialog message like the one below, asking you to decide before continuing to Step 2. See *Dealing with Unclaimed Orders* on page 44 for details.

eStrataHub Notice

Notice:

This Property Manager has a policy where unclaimed orders may be charged automatically.

If you do not Complete Payment of your order when it is due, after five days this Property Manager may charge your account for the amount of the order.

Cancel
OK - I Agree

Figure 9: Unclaimed order notice.

4.3.2 Step Two: New Order Details

1. Enter the property's civic address.
2. Click the check boxes to order as many documents as you require. These choices will vary depending on the Strata Manager and the province you chose.
3. If you select any *Minutes* documents, date range fields will appear so you can specify a time period for each type of minutes document. Click the Month and Year fields to choose a start and end date.
4. Click the check box to add an Eli Report to your order.
5. Select a Date Required by for your order. The Date Required is the date that the Strata Manager will deliver your order with the documents attached. Your Delivery Date will drive priority fees associated with your order. When you select a date, a pop-up will appear on the right side of the screen with the *estimated* cost of your order. This screen will also display the cost associated with the Eli Report if checked to add Eli Report in no. 4 above.

You may alter the priority fee by selecting a new Delivery Date.

Note

The traffic-light indicates the strata management company's cut-off time. Orders received before this time are considered to be received on the current day. Orders received after this time are considered to be received on the following business day (this becomes important when priority charges are involved).

A green light indicates that you have more than 10 minutes until cut-off. Yellow indicates that cut-off is less than 10 minutes away. Red indicates that the day's cut-off has passed. Enter the date by which you need the documents delivered. The estimated delivery cost will appear below the Date Required field.

-
6. Select a Reason for Order from the drop down selection.
 7. Select the number of people registered on title for the property.
 8. If you want to add any comments or special instructions for the strata manager, enter them in the Comments box.

eli Eli Report - Strata Documents Review Tool 4

Eli Report \$40.00 - As the industry's leading condo due diligence tool for real estate professionals, Eli Report saves time by using artificial intelligence to extract critical issues and restrictions discussed in meeting minutes, rules and by laws. An Eli Report also benchmarks the strata's budget and CRF against comparable buildings.

To view a sample Eli Report [click here](#).

🕒 Cut-Off Time: 12:00pm Canada/Pacific

Orders submitted prior to the property managers' cut-off time are considered to be received today.

5 Date Required* Please note the Property Management Company has until the end of the day selected to deliver the documents.

Five Days (\$47.00) priority, document, but additional \$0.25 per page fees may not be included.

6 Reason for Order*

7 There are currently* people registered on title for this property.

8 Comments/Special Instructions (please put any instructions about this order in the following text field)

Figure 10: First part of screen 2 of create new order process.

9. Choose whether the current owner is a Person or a Business, and eStrataHub will display the appropriate input fields. Enter information about the current strata owner. In the case of a sale, adding the name and number of the current owner's lawyer can save time.
 10. The **My Contact Information section** is where the order is to be delivered to. Complete information about yourself, as documents will be delivered to you. The first time you order, you must enter your contact information. After this, the information appears automatically.
-

1.1.1.1.1. Note

If information about yourself changes (such as your email) make sure that you update this section on your next order.

Some Strata Managers offer additional delivery options such as mail, fax, courier and document pickup (along with the cost of these additional options).

1.1.1.1.2. Note

Remember that Additional Delivery Options are *optional*. eStrataHub provides files as downloadable PDF documents, which will likely eliminate the need for you to receive the paper documents.

Additional Delivery Options:

All orders are delivered electronically. In addition to the electronic copy, if you would ALSO like to have a physical copy of the ordered document please select one or more of the options below

Note: You MUST complete payment through eStrataHub before the Property Manager will release the hardcopy documents.

Mail Delivery Documents will be mailed to my address above.

Fax Delivery Documents will be faxed to my fax number above.

Courier Delivery The Property Management firm will arrange to courier the documents to my address above.

Document Pick-Up I will arrange to pick up the documents from the Property Management firm at their address below.

Documents will be picked up by:

Property Management Firm:

Remember these delivery options the next time I use eStrataHub.

Figure 11: Second part of screen 2 of create new order process.

11. Once everything is correct, click Next. eStrataHub will ask you to confirm your email address.

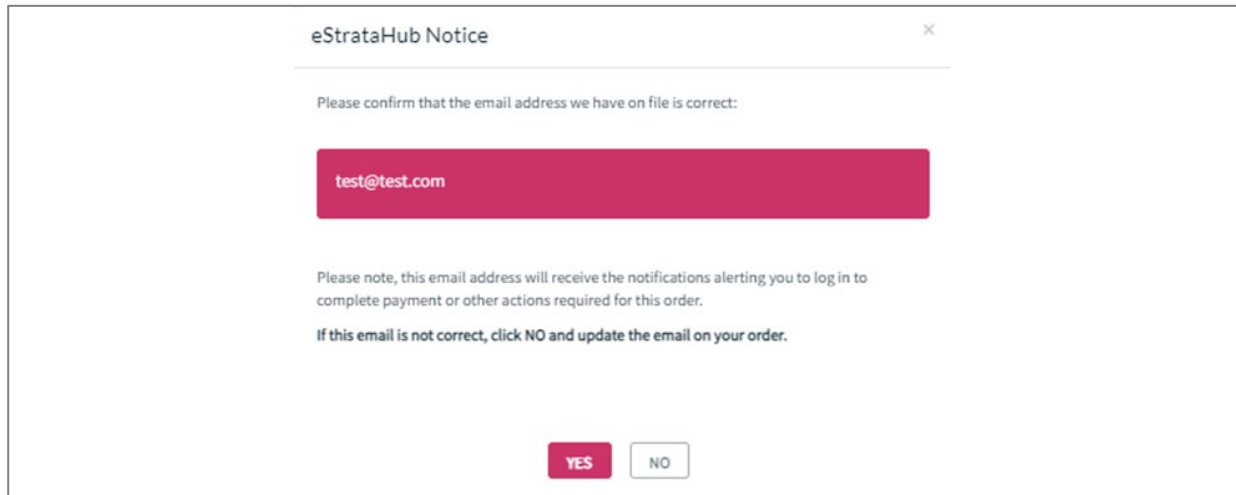

Figure 12: Confirmation screen for your email. All notifications will go to this email.

If it is correct, click **Yes** to go to Step 3. If it is incorrect, click **No** to stay on Step 2 and make the correction.

4.3.3. Step Three: Additional Details

Step three appears only if the reason for the order is "Sale/New Owner", "Registered Lease", "Family Transfer" or if a Form F was requested. In these cases, the system asks for further details.

1. In the top part of the screen:
 - Enter the property's Legal Description, PID, Completion date and Possession date. Click the calendar to choose a date using the mouse. Lawyers or notaries who request a Form F may be asked to confirm the sale on the business day following the completion date. See Confirm Sale on page 45.
 - Optionally, enter the Adjustment date.
 - If you want to know the name of the strata's insurance company or the Move In and/or Move Out fees, select one or more of the check boxes. The information will appear on your package's cover sheet.
2. Click **Add Registered Owner** and provide information in the pop-up box about all who will be on Title at the Land Title and Survey Authority. (If there is more than one Registered Owner, repeat this step until you add them all.) Please include everyone who is currently on Title and who is being added to Title.
3. Once everything is correct, click **Review Order**.

4.4 When the Strata Manager Accepts/Rejects Your Order

When the Strata Manager accepts your order, you will receive an email acknowledging acceptance. If you requested insurance and moving fee information and that information is known to the manager when they accept your order, it will be included in the email.

Figure 18: Excerpt from Acceptance email which also shows moving fees and Insurance Company.

If the Strata Manager rejects your order, you will receive an email notification. The examples below show orders rejected through an APIC session and a myLTSA session.

Figure 19: Excerpt from rejection email through APIC.

Figure 20: Excerpt from rejection email through MyLTSA Enterprise.

To view the reason for the rejection, open the order in eStrataHub.

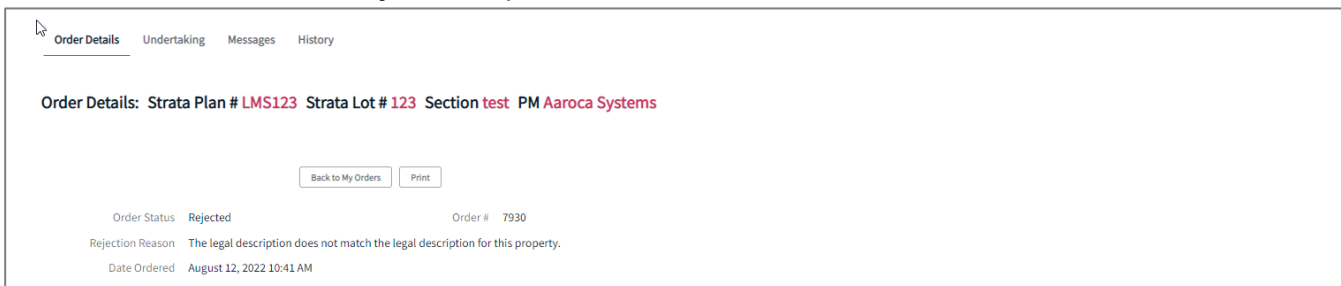

Figure 21: Order Details screen showing reason for rejection.

The Order Status will show Rejected and the Rejected Reason will show why the Strata Manager rejected your order.

Note

If your order is rejected, no fee will be charged to your account. Charges are applied only when you complete payment.

4.5 Receive Messages

Important

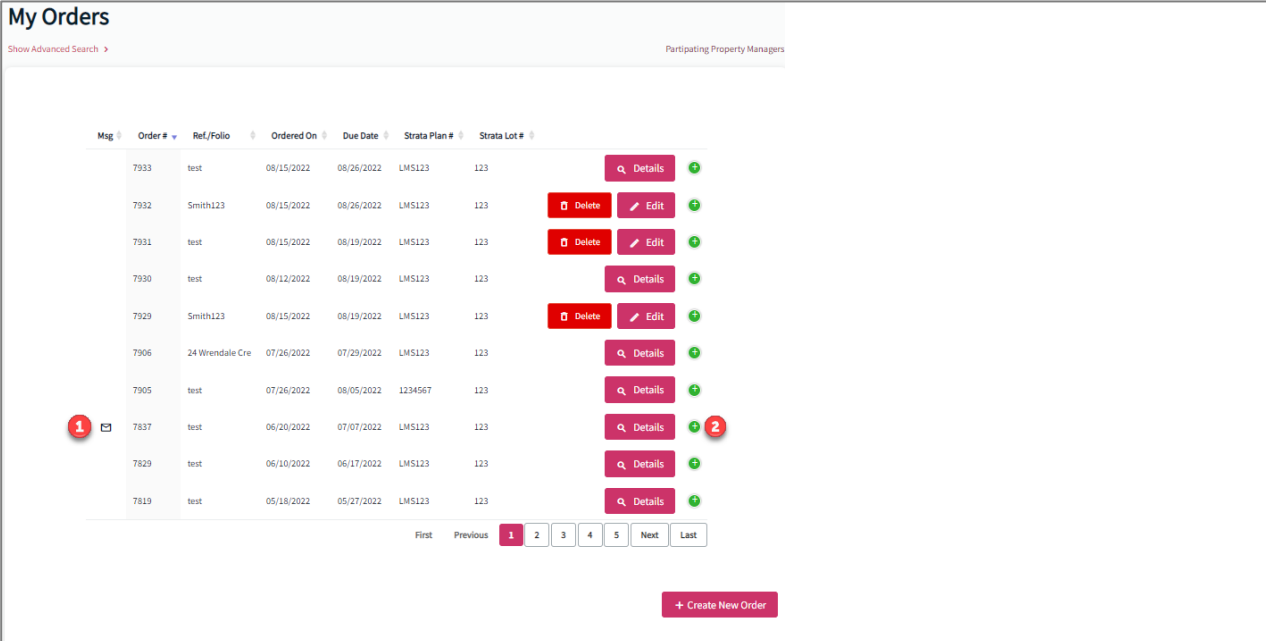

Messages provide a way to communicate with a strata manager about an order, and also provide a history of those communications. When using the Messages feature, your communications become part of the order. This allows both you and the strata manager to go to one place for all communications. Using fax or email dilutes the value of the messages feature and can lead to confusion.

If you requested additional information or documents when you placed your order, the strata manager will respond by sending you a message through eStrataHub. When this happens, eStrataHub sends a Notification email to inform you that the information is waiting. Make sure to note the order number in the email.

As an added feature, orders with unread messages will have an envelope icon  in the Msg column of the Order Index screen.

Sign in and select the eStrataHub application. Your Order Index will list all of your current orders. When you have a number of orders to choose from, you can click the column headings to sort the list.

1. Find the order number that you want to view. Click the order to highlight it.
2. Click the **View Order Details** button (or just double-click the order).

Msg	Order #	Ref./Folio	Ordered On	Due Date	Strata Plan #	Strata Lot #

Figure 22: Order Index with an unread Message.

3. Click the **Messages** tab.
4. You will see the message sent by the strata manager, with the date and time it was sent. If a file is attached, you can either view or save it.

Figure 23: Messages tab showing the most recent message.

4.6 Send Messages

If you need to send a message or document to the strata manager, you can use the Messages option.

1. Open the **Messages** tab
2. Click **Send a Message**.

Figure 24: Messages tab and the Send a Message button.

3. In the Send Message dialog box, you can enter text and attach any type of document you wish to send.
4. Click **Send**, and eStrataHub instantly sends your Message to the strata manager. Click **Cancel** if you want to close the comment box without sending.

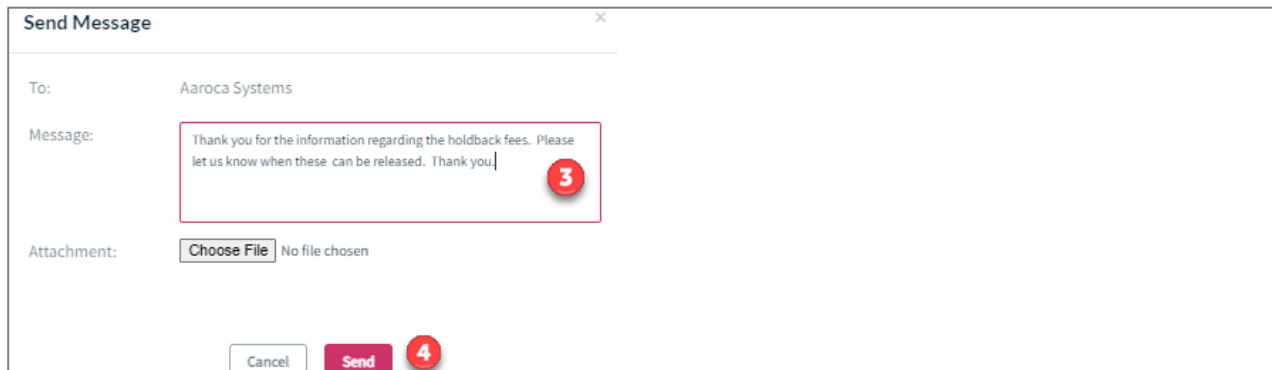

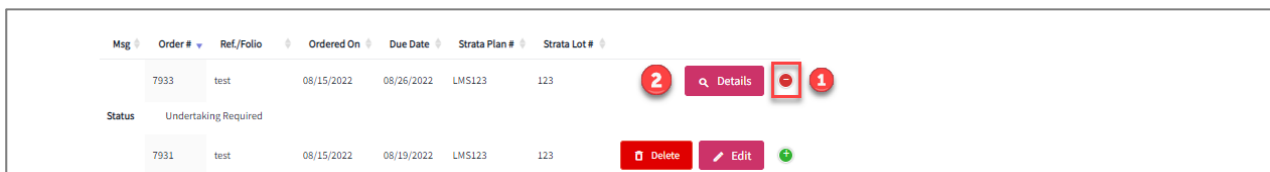

Figure 25: Send message pop-up.

4.7 Provide an Undertaking

When a strata manager requests an undertaking, eStrataHub sends a Notification email to inform you that the request is waiting. Make sure to note the order number in the email.

Sign in and select the eStrataHub application. Your Order Index will list all of your current orders. You can click the + sign at the left to "expand" an order. When you have a number of orders to choose from, you can click the column headings to sort the list.

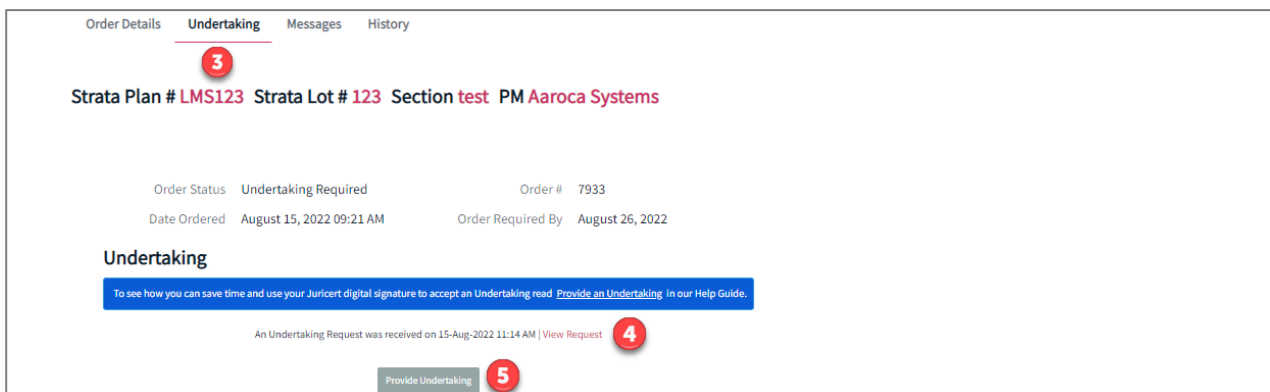

1. Find the order number that you want to view. Note that the order's status will be "Undertaking Required." Click the order to highlight it.
2. Click the **View Order Details** button (or just double-click the order).

Msg	Order #	Ref./Folio	Ordered On	Due Date	Strata Plan #	Strata Lot #

	7931	test	08/15/2022	08/19/2022	LMS123	123	Delete Edit +

Figure 26: Order Index with an Undertaking requested on an order.

3. Click the **Undertaking** tab.
4. Click the **View Request** link to open the strata manager's undertaking request. (Like all documents in eStrataHub, it will be in PDF format.) If you agree to provide the undertaking, there are two ways to prepare your response.
 - a. The traditional way is to create a response letter, sign it with a pen, scan it, convert it to PDF, and send it to the strata manager.
 - b. The more efficient way is to apply your Juricert digital signature to the strata manager's request, save it with a new name, and send back the signed request. See Using Your Juricert Digital Signature on page 63 for details.
5. Click the **Provide Undertaking** button.

Order Details **Undertaking** Messages History

Undertaking

To see how you can save time and use your Juricert digital signature to accept an Undertaking read [Provide an Undertaking](#) in our Help Guide.

An Undertaking Request was received on 15-Aug-2022 11:14 AM | [View Request](#) **4**

5 Provide Undertaking

Figure 27: Undertaking tab showing a request for an Undertaking.

6. In the pop-up window, click the **Browse** button and navigate to the appropriate undertaking PDF file on your network, then click **Open**.
7. Click **Submit** to send your undertaking letter to the strata manager.

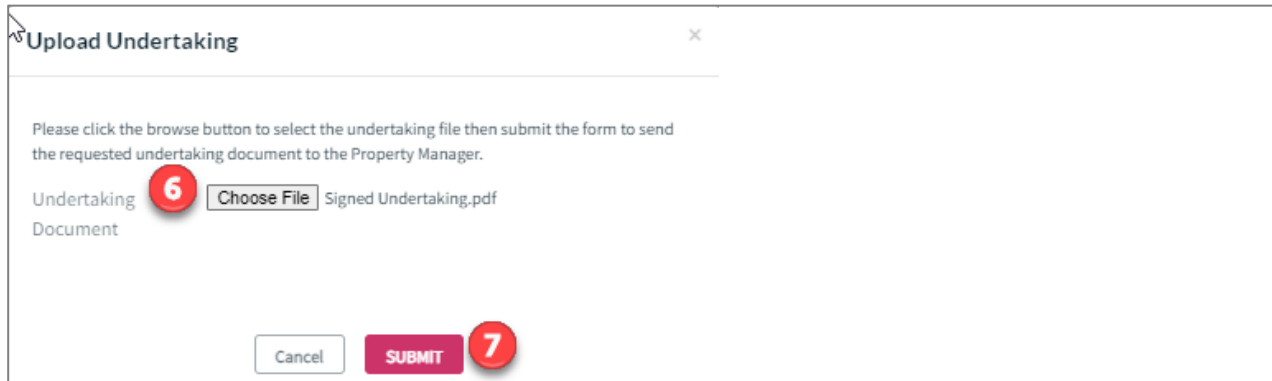

Figure 28: Locate and attach Undertaking.

8. Note that you can click the links in the Undertaking section to view both the original request and the document that you sent.

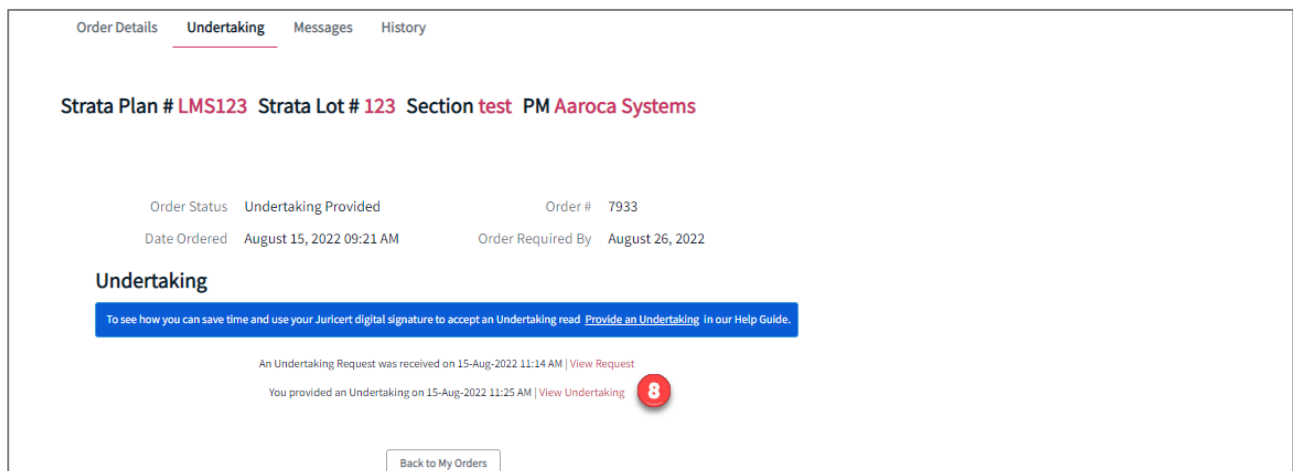

Figure 29: Response to Undertaking attached to Undertaking tab.

The strata manager will review your undertaking letter, then:

- Accept it and deliver your documents.
- Reject it and request changes to the undertaking.

4.8 Change an Order’s Delivery Date

If you need to move an order's due date to an earlier (or later) date, click “Details” next to the order you would like to change. Click “Change Due Date” button to contact the strata manager and request a changed delivery date.

Important

eStrataHub treats accelerated orders as brand-new orders. Priority fees are calculated from when you change an order's delivery date, not from the date of your original order. Because this can significantly change the cost of your order, we recommend that you communicate with the strata manager before using this feature.

Sign in to the eStrataHub application. Your Order Index will list all of your current orders. You can click the + sign at the left to "expand" an order. When you have a number of orders to choose from, you can click the column headings to sort the list.

1. Find the order number that you want to accelerate. Click “**Details**” button. The “Change Due Date” button will appear.
2. Click the “**Change Due Date**” button to open a pop-up dialog box.

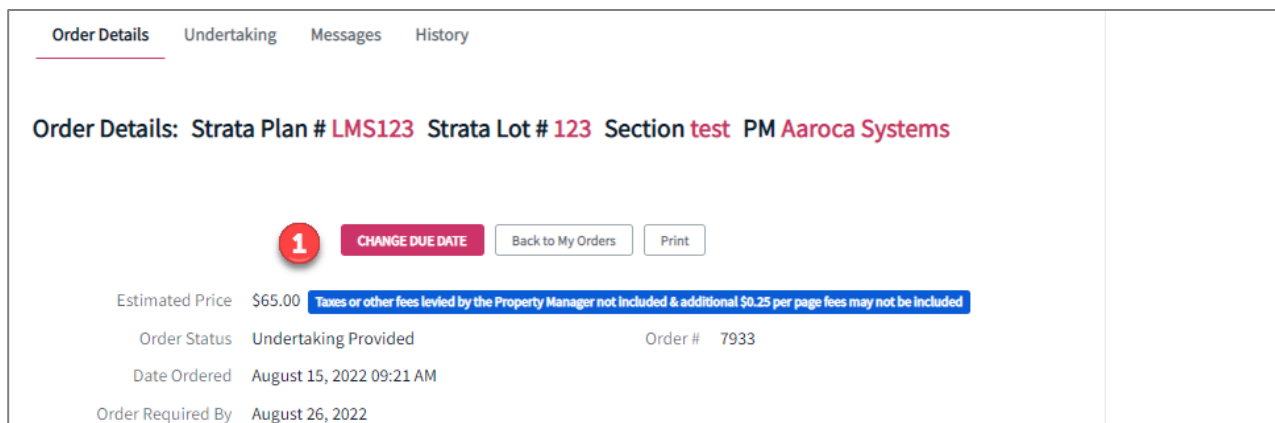

Figure 30: Selected order (highlighted in grey) and Accelerate Order button displays when order selected.

3. Click the calendar to select a new delivery date for the order. The new priority delivery fee will appear beneath the date.
4. Click Send to send the Change Due Date request to the strata manager.

Change Due Date ✕

1 Records from 1 to 7 of 7

Figure 33: Change Due Dated recorded in Order Details/History.

Once the strata manager accepts your request to Change Due Date delivery, the Order Required By date on the Order Details screen will change to the new Change Due Date delivery date.

4.9 Cancelling an Order

You may cancel an order only if the strata manager has not yet accepted it. If the status of the order is still New, you can open the order and click the **Cancel Order** button. When you cancel an order, it will disappear from the My Orders.

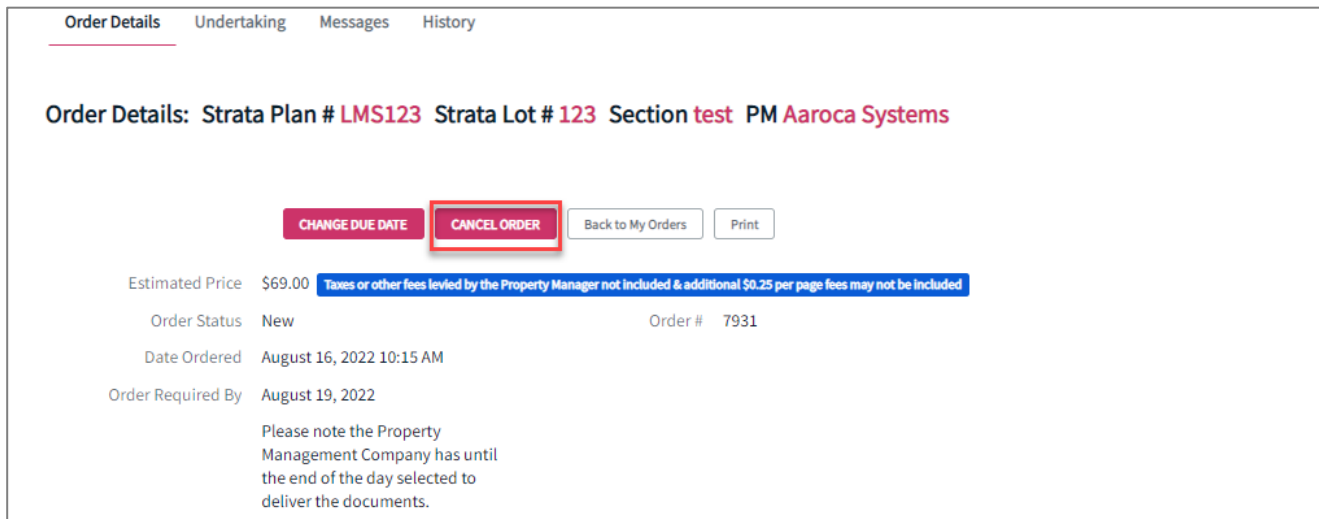

Figure 34: Order Details screen on a New order showing Cancel button.

You cannot cancel your order after a strata manager accepts it. However, you can request that the strata manager cancel an order for you. Follow these steps:

1. Use eStrataHub messages to communicate your request to the strata manager (see Send Messages on page 28 and Receive Messages on page 26). This will create a record of your request and your reasons for cancelling.
2. If the strata manager agrees to your request and cancels the order, the order's status will change to Cancelled and eStrataHub will send you an email notification regarding the cancellation.
3. If the strata manager does not agree, the order's status will remain unchanged and the order will still stand. You will receive a message explaining that your request was denied.

Note

There is no charge to place and then cancel an order.

4.10 Complete Payment

When the strata manager delivers the documents that you ordered, eStrataHub will send a Notification email to inform you that your order is ready to download. Make sure to note the order number in the email.

Sign in to the APIC web site or MyLTSA Enterprise where you placed your order. Your My Orders page will list all your orders.

1. Find the order number that you want to view. Note that the order's status will be "Waiting for Payment."
2. Click the **Details** button.

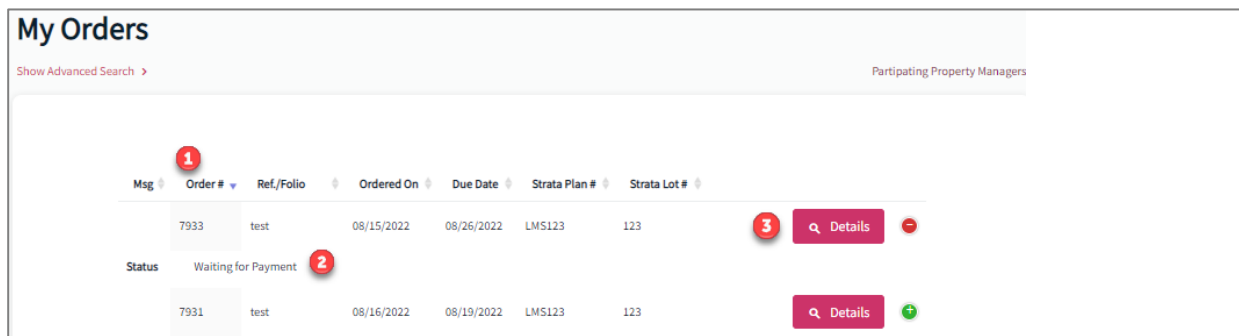

Figure 35: Order on My Orders page with a status of Waiting for Payment.

The Order Details screen displays information about the order.

3. To see a detailed breakdown of cost of your order, click the **Statement/Receipt** button.

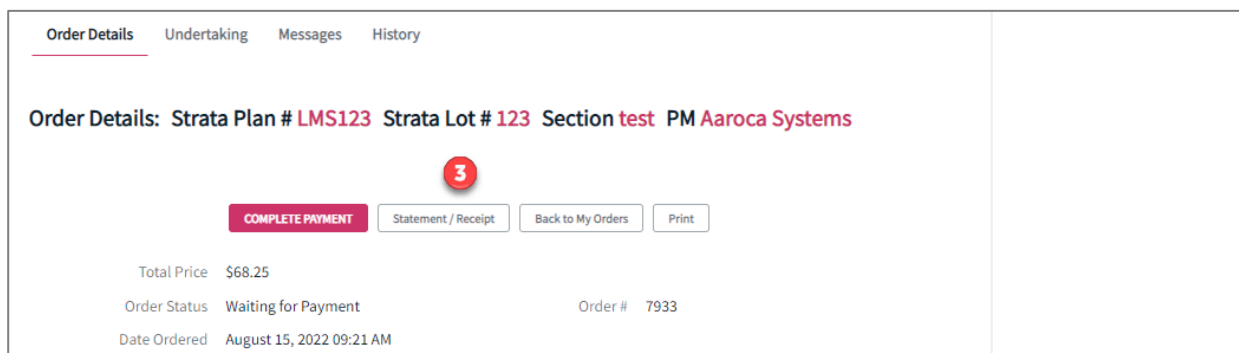

Figure 36: Order Details of an order waiting to complete payment.

Note that the summary of the cost of your order also displays on the Order Details.

4. An Order Summary window will open. Review this information carefully.

- You can print the summary if you want to. Close the Order Summary window when you have reviewed the information.
- At the top of the Order Details screen, click **Complete Payment**

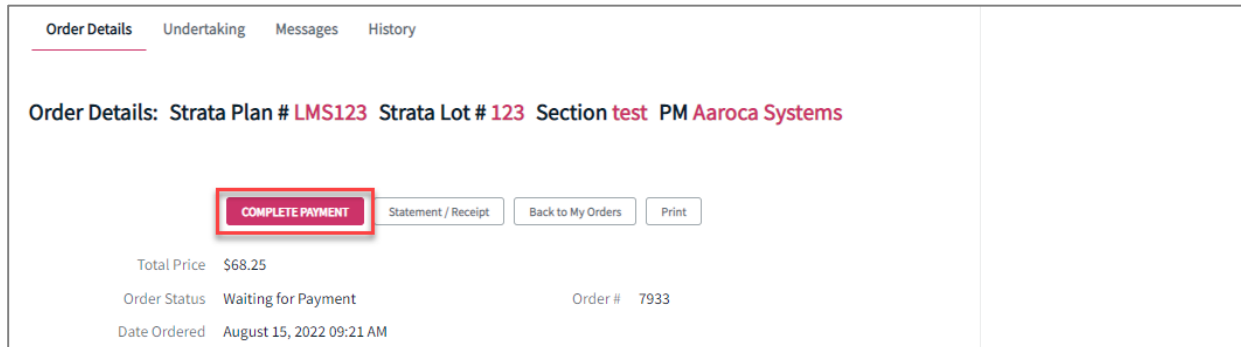

Figure 37: Complete Payment button on an order waiting for payment.

- When you click Complete Payment, the **Download Documents** and **Email Links to Docs** buttons will appear. Now you can take delivery of your order. See Receive Your Documents on page 38 and Email Links to Documents on page 39.

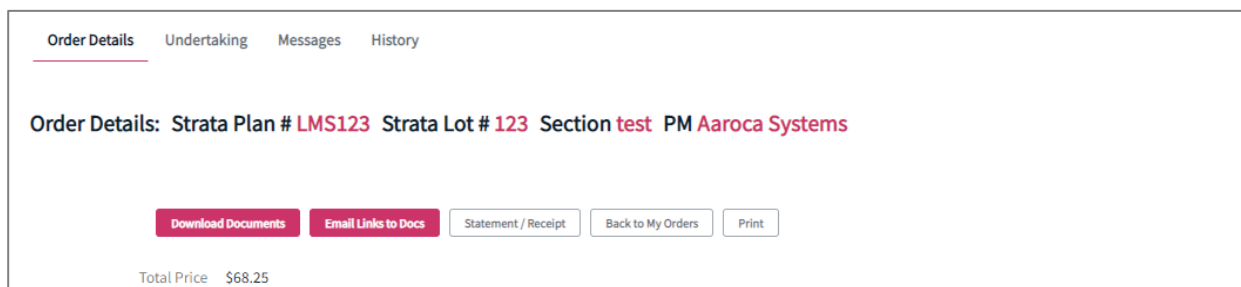

Figure 38: Order Details screen with Download and Email buttons.

Important

When payment is verified, the order is complete.

- If you have added an Eli Report to your order, all documents will be sent to Eli automatically. **Note:** If the property manager attached the wrong documents to your order, you will have to email the correct documents to Eli directly at support@elireport.com. When your Eli Report has been completed, an email will be sent to the email address in the My Contact Information section with a link to the Eli Report. Click View Report Now or click on the URL to view your report.

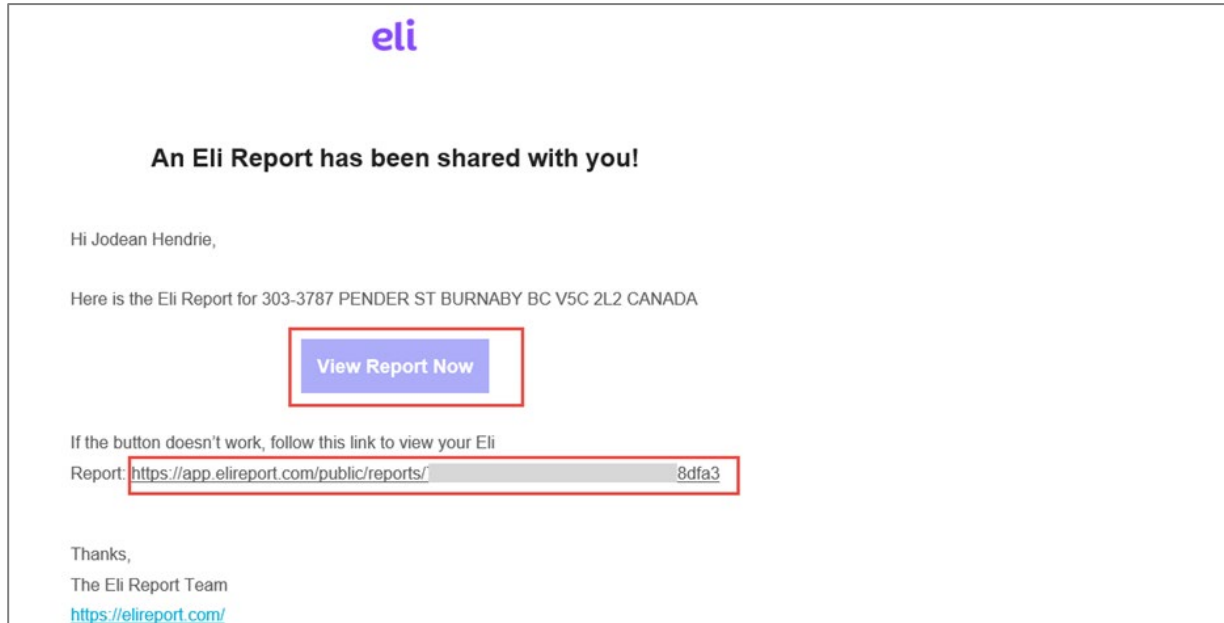

Figure 40: View Report Now link from Eli Report email

9. The Eli Terms and Conditions screen will appear. Check to accept the Terms and Conditions and click Continue to view your Eli Report.

Figure 41: Eli Terms and Conditions screen

Important

When payment is verified, the order is complete.

4.11 Receive Your Documents

Shortly after you complete payment, eStrataHub delivers your order and sends a Notification email to inform you that your documents are ready for download. Make sure to note the order number in the email.

Important

Your order will remain on the Order Index for 60 days from the time it is delivered. Please download the file and save it on your system. (You can find orders more than 60 days old by using the Order # Field or searching by date range).

Sign in and select the eStrataHub application. Your My Orders will list all of your current orders. You can click the + sign at the left to "expand" an order. When you have a number of orders to choose from, you can click the column

1. Find the order number that you want to view. Click the order to highlight it.
2. Click the **Details** button (or just double-click the order).

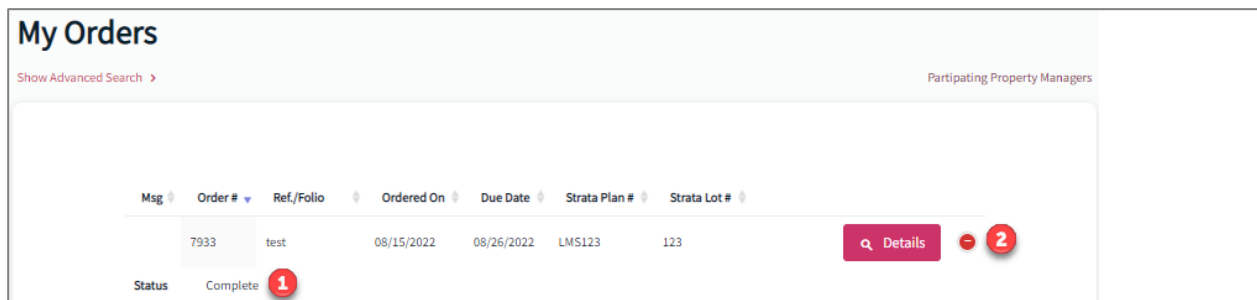

Figure 42: Order Index selecting a completed order.

3. In the Order Details screen, click **Download Documents** or **Email Links to Docs**. Each option is explained next.

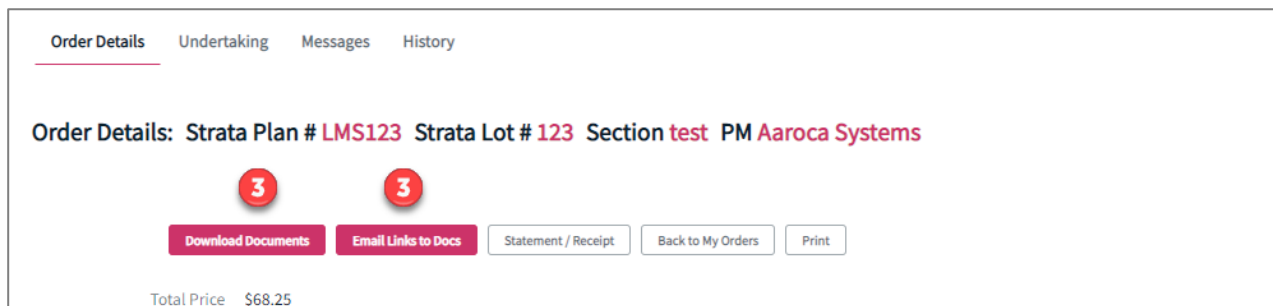

Figure 43: Order Details screen showing Download and Email buttons.

DOWNLOAD DOCUMENTS

The **Download Documents** button opens a window listing all of the documents in your order. At the top of the screen, you can download your entire order as a single Adobe Portfolio file. At the bottom of the screen, you can download individual documents from within the order

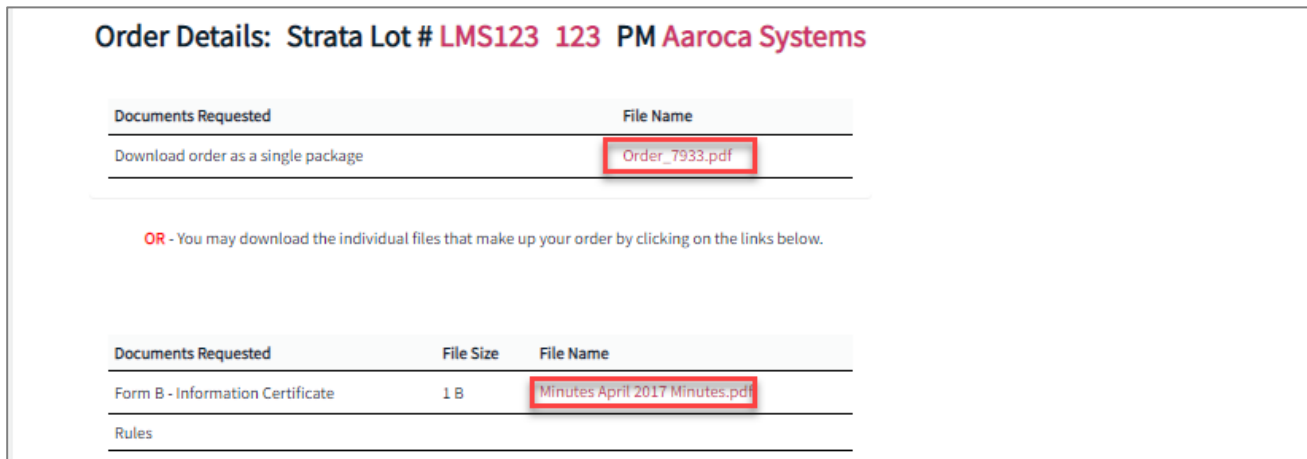

Figure 44: Download screen showing the link to the order as a single file, and links to individual files.

You can:

- Right-click the link, then choose **Save target as...** and save the PDF portfolio to your network, where you can work on it later.
- Left-click the link to open the file in your Acrobat software, then print the PDF documents or save them to your network.

To work with PDFs in the portfolio, you will need current versions of Adobe Flashplayer and Adobe Acrobat Reader (or the latest version of Standard or Professional). See Minimum Software Requirements on page 8 and View, Print, or Save Your Documents on page 0 for details.

When you are finished with this screen, click the My Orders link at the top to return to the **My orders** screen for this order.

4.11.1 Email Links to Documents

The **Email Links to Docs** button sends links by email to addresses that you provide. The person who receives the email can use the links to download the documents from your eStrataHub order. This is much easier than downloading the PDF files and then sending them as email attachments.

Click **Email Links to Docs** to view the Email Document Links window.

If you do not want to send links to the email originally provided (usually yourself) just clear the first box. If you want to send links to other email addresses, select the second box and enter the

addresses as shown. You can enter multiple addresses by separating each one with a semicolon. You can add a comment to the email if you choose. When you are finished, click **Send Email**.

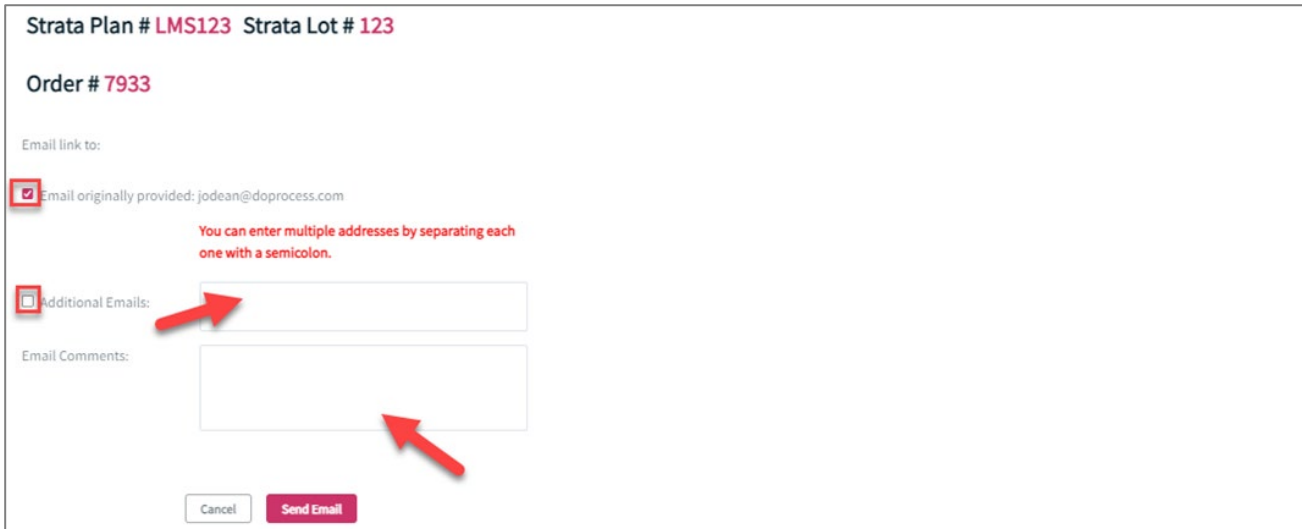

Figure 45: Email Links popup with additional emails and Comments.

eStrataHub will send an email like this to the addresses you specified.

1. These links provide access to the free software needed to view the documents.
2. This link lets you download the entire order as a single Adobe Portfolio file.
3. These links let you download individual documents from within the order.

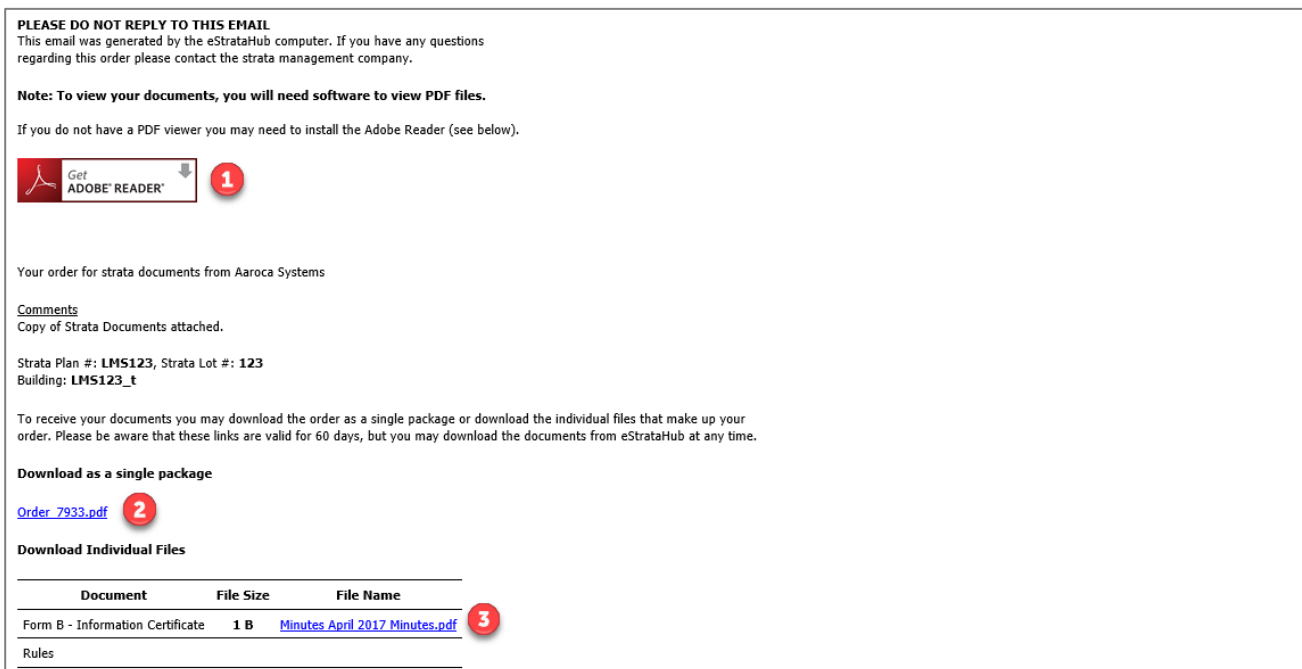

Figure 46: Email Links email showing links to free Adobe software, a link to documents as a single file, and links to each file.

You can:

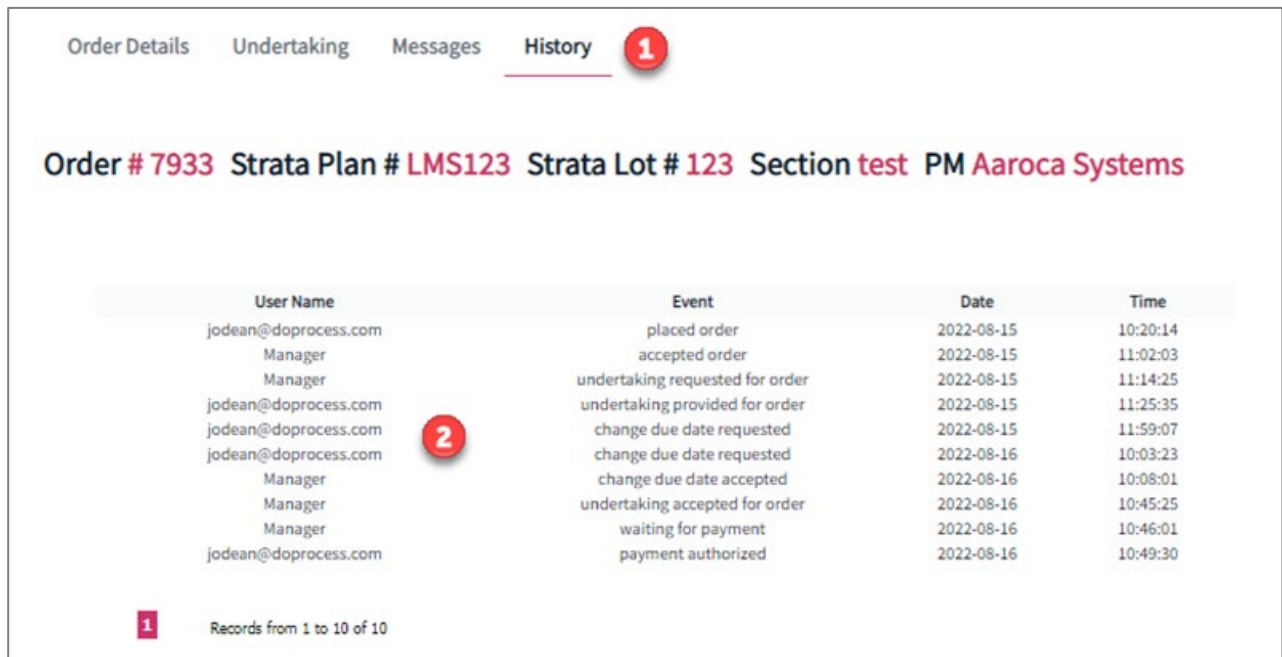

- Right-click the link, then choose *Save target as...* and save the PDF portfolio to your network, where you can work on it later.
- Left-click the link to open the file in your Acrobat software, then print the PDF documents or save them to your network.

To work with PDFs in the portfolio, you will need current versions of Adobe Flashplayer and Adobe Acrobat Reader (or the latest version of Standard or Professional). See *Minimum Software Requirements* on page 8 and *View, Print, or Save Your Documents* on page 56 for details.

4.12 View Order History

The History link lets you view all of the events that an order has gone through.

1. Open the **History** tab.
2. The History screen shows who initiated each event, the nature of each event, and when each event took place. In the example below, you can see when you placed the order, when the strata manager accepted and delivered the order, and when you completed payment.

User Name	Event	Date	Time
jodean@doprocess.com	placed order	2022-08-15	10:20:14
Manager	accepted order	2022-08-15	11:02:03

1 Records from 1 to 10 of 10

Figure 47: History tab showing events recorded for this order.

4.13 Dealing with Unclaimed Orders

What happens if a strata manager assembles and delivers an order as per your request, but you neglect to complete payment? The strata manager is placed in a difficult position— they have done the work you requested, but they haven't been paid.

eStrataHub provides strata managers with an optional feature that lets them force payment for unclaimed orders. If the strata management company uses this feature, you will go through an extra step in the ordering process (between Step 1 and Step 2). You will have to agree with the following notification before you can submit your order.

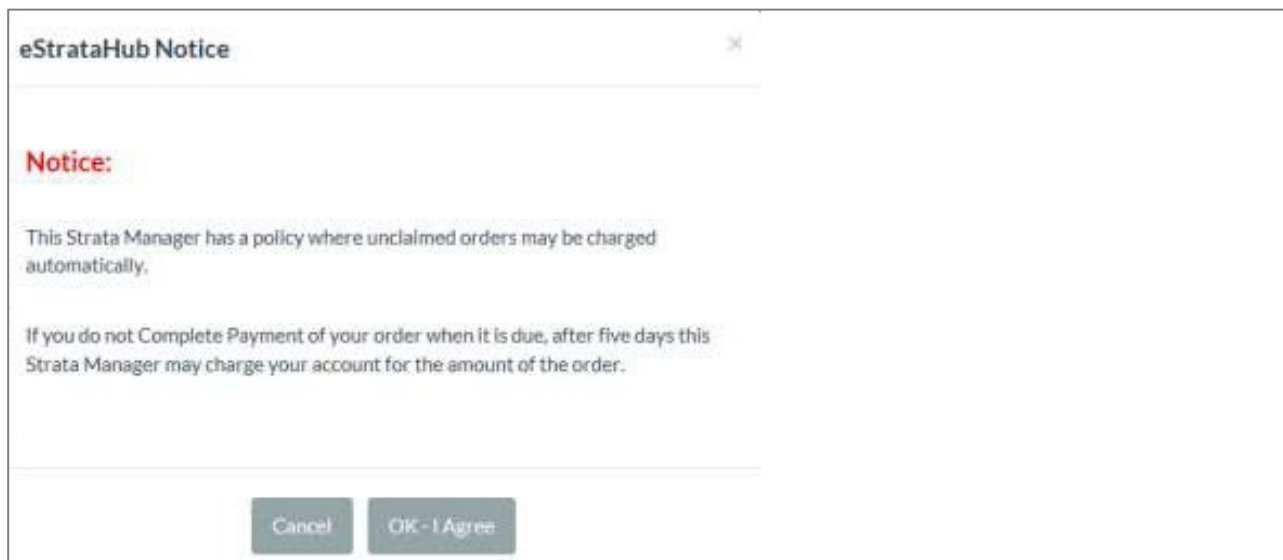

Figure 48: Unclaimed order notice.

Here are the steps in an unclaimed order situation. Note that as a customer, you have a five-day grace period in which to pay for the order.

1. One day after your completed order's due date, eStrataHub sends you a message that the order is ready. During the five-day grace period, the order's status is Waiting for Payment.
2. Five days after your completed order's due date, the grace period elapses.
3. eStrataHub sends you and the strata manager a message that the strata manager may bill your account even if you do not complete payment. The order's status changes to Waiting for Payment - Chargeable. The strata manager now has 40 days in which to bill for the unclaimed order.
4. During the 40-day Waiting for Payment - Chargeable period, you can continue to negotiate with the strata manager through eStrataHub messages (see Send Messages on page 30 and Receive Messages on page 29). These messages remain on file as part of the order process, and include emails.

5. 45 days after your completed order's due date, if the strata manager has not billed you, the order's status changes to Expired.
6. 60 days after your completed order's due date, if the order is unresolved for any reason, the order's status changes to Expired. Nothing can happen to an expired order. The strata manager won't be able to update it or bill for it, and you won't be able to download it. At this point, it is a "dead" order.
7. 45 days after your completed order's due date, if the strata manager has not billed you, the order's status changes to Expired.
8. 60 days after your completed order's due date, if the order is unresolved for any reason, the order's status changes to Expired. Nothing can happen to an expired order. The strata manager won't be able to update it or bill for it, and you won't be able to download it. At this point, it is a "dead" order.

5. Confirm Sale

When a property changes hands, strata managers need to update their files with the purchaser's (your client's) names. When a sale falls through or is delayed, strata managers may need to change their files back to the seller's names. If a strata manager activates eStrataHub's optional *Confirm Sale* feature, an email request will go out to lawyers or notaries who have ordered a Form F. Responding to the request is easy—you just log into eStrataHub and answer a couple of questions. Note that realtors are not affected by this feature, as they should not place Form F orders.

5.1 Notification Email

On the business day following the completion date, you will receive an email from eStrataHub asking you to log on and confirm that the sale took place.

Figure 49: Confirm Sale email

5.2 Confirming the Sale

After a sale completion date, when you sign on to eStrataHub a Confirm Sale dialog box will pop up asking you to resolve the question: "Did the sale complete?" Click Resolve to go to the Sale/Transaction Index screen.

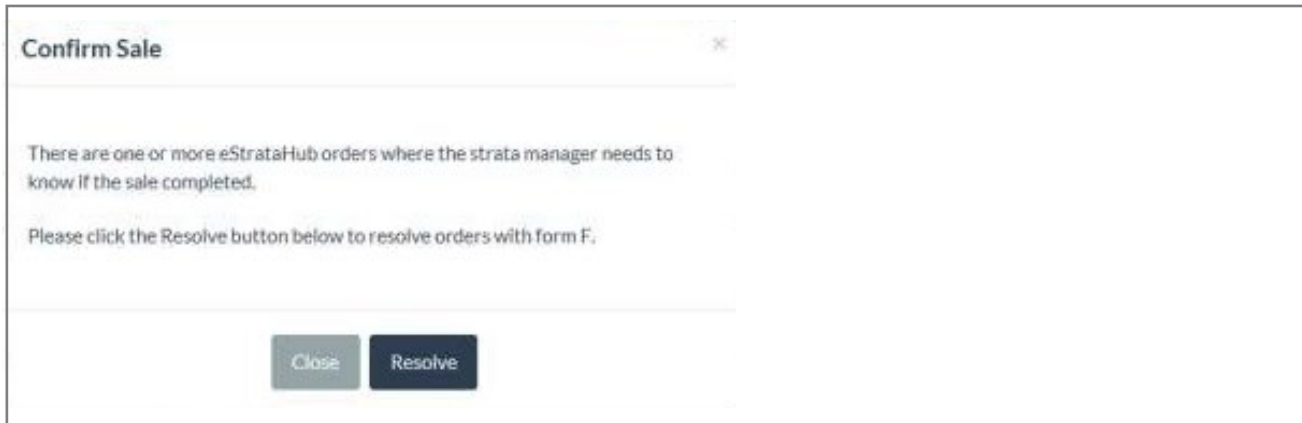

Figure 51: Confirm Sale pop up

Note that **only you** will see the Confirm Sale dialog box for **your** orders. If you are away from the office, other people in your account can use the **Confirm Sale** button at the bottom of the Order Index screen to get to the Sale/Transaction Index.

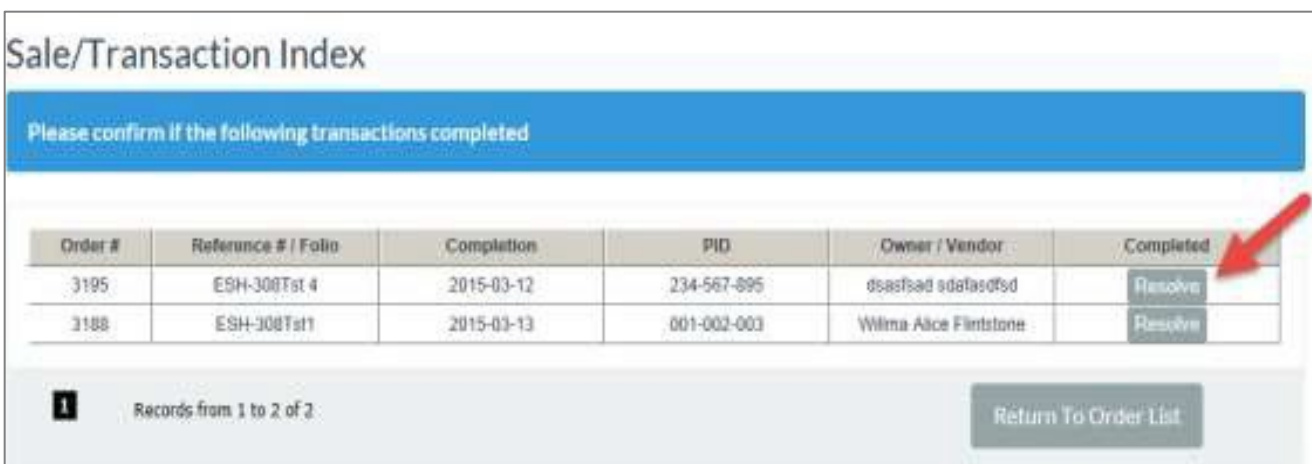

Figure 52: Confirm Sale button.

The Sale/Transaction Index screen will list one or more Confirm Sale requests. Click the **Resolve** button next to the one you want to respond to

Order #	Reference # / Folio	Completion	PID	Owner / Vendor	Completed
3195	ESH-308Tst 4	2015-03-12	234-567-895	dsasfsad sdafasdfs	Resolve
3188	ESH-308Tst1	2015-03-13	001-002-003	Wilma Alice Flintstone	Resolve

Figure 53: Confirm Sale index listing to orders to be resolved.

In the Confirm Completion Window:

1. Select the option that describes the situation. In most cases, the transaction will have completed as scheduled. If the deal fell through, select the second option. If the deal is delayed, choose the third option and provide a new completion date.

2. You can enter comments for the strata manager here.
3. Click **Update**. Your responses are saved to your Order Detail screen and the strata manager will be notified to the resolution.

6. Frequently Asked Questions

See the following topics for answers to frequently asked questions.

6.1 General Questions

1. Why would I want to use eStrataHub?

eStrataHub was designed to help strata managers avoid many of the problems with managing strata document orders including:

- All the information in one spot. No frantic searching for telephone call notes, faxes, and emails.
- Simple, fast payment. No cheques. No rush couriers.
- Easier and less stressful tracking the status of all your orders - especially around closings.
- Save time and money. No more picking up paper orders at strata manager's office.

2. Why should I order an Eli Report?

A proper review of the strata documents is an essential part of the condo purchase process. Unfortunately, this can be time consuming. Now, with a single click as part of an eStrataHub order, realtors in British Columbia can order an Eli Report (see sample here) which will be delivered within minutes. This AI-powered tool acts as a second set of eyes to identify potential concerns, allowing realtors to elevate their level of service, and better inform their clients.

Lawyers and notaries also have direct access to an Eli Report through eStrataHub, assisting with due diligence.

Here's how it works:

- a. Lawyer, Notary and Realtor logs in as usual to eStrataHub through the APIC website: <https://login.apicanada.com/login> or access through MyLTSA Enterprise
- b. Add an Eli Report to your order
- c. Receive an email with your report in under 10 minutes Have questions? Contact us at support@elireport.com

3. How can I order forms and documents through eStrataHub?

You can use a MyLTSA Enterprise account, or (if you want to pay by credit card) you can register with APIC (www.apicanada.com).

4. I do not have a MyLTSA Enterprise or APIC account? How do I get more information?

- Getting a MyLTSA Enterprise account takes from three to five days.
Sign up here: www.bconline.gov.bc.ca/account.html
- Registering an account with APIC takes two to three minutes. Sign up here:
www.apicanada.com

5. How do I receive my order and what type of file is it?

You can download your order from a link on the Order Details page after you complete payment. Your order is delivered as a single "PDF Portfolio" file, which contains one or more PDF files. See View, Print, or Save Your Documents on page 0 for details.

6. Do I need Adobe Acrobat to read and print the order?

In order to work with PDFs in the portfolio, you will need current versions of Adobe Flashplayer and Adobe Acrobat Reader (or the latest version of Adobe Acrobat Standard or Professional). See Minimum Software Requirements on page 8 (under Minimum Software Requirements) and View, Print, or Save Your Documents on page 0.

7. How long does it take to receive my order?

You can obtain your order within minutes of the strata manager submitting it for delivery. After receiving an email from eStrataHub, you can review a summary of the order fees. The documents will appear as soon as your payment is completed.

6.2 Fees and Payments

1. What does it cost to use eStrataHub?

For each order, eStrataHub calculates the cost as follows:

1.1.1.3. Document Fees + Priority Fee (if any) + Delivery Charge

Document Fees: the Strata Property Act of BC specifies how much a property management company may charge for forms and documents. Currently, a Form B costs \$35, and a Form F costs \$15. If a per-page charge is applicable, it will be \$0.25.

Priority Fee: a property management company may charge a fee for a rush order. This is in addition to the document fees set out in the Strata Property Act of BC.

Delivery Charge: eStrataHub adds a Delivery Charge per order. This is in addition to the document fees and priority fee (if any) charged by the property management company.

2. What does it cost to order an Eli Report?

The cost to order an Eli Report through eStrataHub is \$40.00

3. How do I pay for an order?

The cost of the order is deducted from your MyLTSA Enterprise deposit account when you click the Complete Payment button. You can also register with APIC to use a credit card (see www.apicanada.com)

4. What are the Priority Order Fees?

Priority Fees are the additional amount the Strata Manager may charge for rush orders that are to be delivered earlier than the standard delivery times. Priority fees are in addition to the applicable per page fees, form fees, and delivery fees. Priority fees are established by the Strata Managers separately and therefore may vary from one Strata to another.

5. What are Standard Delivery Times?

The Strata Property Act dictates the standard delivery time for documents. The standard delivery time for the following documents is one week:

- Form B
- Form F
- Bylaws
- Rules
- Depreciation Report (if ordered along with a Form B)

The standard delivery time for all other documents is **two weeks**. Note that the Strata Property Act requires certain documents be attached to the Form B Information Certificate {59(4)}. When these documents are requested **along with a Form B**, then the standard delivery time for Form B would apply (i.e., **one week**).

If the delivery of documents is requested earlier than the standard delivery times (as a Rush Order) then Priority Order Fees may apply, as determined by the Strata Manager.

6. How does eStrataHub calculate Priority Order Fees (for a Rush Order)?

If you order a document and request the standard delivery time or later, no Priority Order Fees will apply. If you request an **earlier** delivery time, Priority Order Fees may apply. Priority Order Fees are based on the number of **business days** from the receipt of the order to the delivery date you select. Orders submitted on non-business days or statutory holidays are considered received on the following business day.

Example A: If on Wednesday you order a Form B and a Form F to be delivered the following **Wednesday**, no Priority fees will apply. Because the standard delivery time for these

documents is one week, only the statutory fees will apply (\$35 for Form B, \$15 for Form F, and the eStrataHub delivery fee).

Example B: If on Wednesday you order a Form B and Form F to be delivered the following **Monday**, the Strata Manager's Priority Order Fees will apply **in addition** to the fees mentioned above. Priority Order Fees are based on business days (Saturday and Sunday are not counted). In this example, your three-day rush order would include Thursday, Friday, and Monday.

7. When is a “Same Day” order due?

The same business day that it is received.

8. When is a “+1 Business Day” due?

The business day after it is received.

9. Do you accept credit card payment?

Yes -- registration at www.apicanada.com is quick and easy. Once you have registered, you can pay for strata documents with a credit card.

6.3 Submitting an Order

1. How do I submit a new order through eStrataHub?

See Ordering Documents on page 10.

2. How will I know when my order is accepted by the strata manager?

Two things happen when the strata manager accepts your order:

- a. eStrataHub will send you an email
- b. The status in the Order Index and on the Order Details page will change from “New” to “In Progress”

3. I need to add another document or form to an order. What can I do?

Use the Messages feature to request that the strata manager add the missing document.

4. How do I contact the strata manager?

The best way to contact a strata manager is to use the Send Messages feature (see page 28). This ensures that all communications become part of the eStrataHub order. In addition to Messages, the name and the telephone number for the strata manager is shown at the top of the Order Details page for each order. It is a good idea to confirm any verbal communications with a Message so it becomes part of the eStrataHub order.

5. My order was rejected. What do I do now?

You can do either of the following:

- a. Contact the strata manager by looking up their telephone number on the Order Details page.
- b. Go to the Message section of the order and send a Message.

6.4 Order Index

1. How can I view all of the orders for our company?

Under the Order Index there are two links which filter the orders you see:

- a. My Orders shows only orders that you have placed.
- b. All Account Orders shows everything that has been ordered within your MyLTSA Enterprise account.

2. What are the different status types?

The possible status types are:

- **New** (You placed an order, but has not yet been accepted or rejected.)
- **In Progress** (Your order has been accepted and there is not an outstanding request for undertaking.)
- **Rejected** (The strata manager has viewed and rejected your order.)
- **Undertaking Required** (The strata manager has requested that you provide an undertaking letter.)
- **Undertaking Provided** (You have sent the undertaking letter using the Undertaking section.)
- **Waiting for Payment** (Your order is ready to be delivered and you must complete payment.)
- **Waiting for Payment - Chargeable** (The strata manager can force payment for an unclaimed order.)
- **Payment Authorized** (eStrataHub is verifying your payment before delivering the order.)
- **Payment Declined** (Your payment could not be processed.)
- **Complete** (Payment has been processed and the order has been delivered to your Order Details page.)
- **Expired** (If a completed order is unresolved for any reason 60 days after the order's due date, the status changes to Expired. Nothing can happen to an expired order. A customer can't download it, and a strata manager can't bill for it. At this point, it is a "dead" order.)

3. How do I sort the Order Index?

Click the header you wish to use for sorting. It will sort from smallest to largest or A-Z. Click again to reverse the sort order.

4. How can I see what documents are being requested for each order?

On the Order Index, click on the “+” sign next to the order. The row will expand to show the documents required.

You can also double-click on the order which takes you to the Order Details page where all information can be found.

6.5 Undertakings

1. How do I know when I need to provide an undertaking?

See Provide an Undertaking on page 29. Please note that some strata managers may send you a Message request

2. How do I provide the undertaking letter?

See Provide an Undertaking on page 29.

3. I sent an undertaking letter using Messages and the status is still “Undertaking Required” What should I do?

It is best to attach your letter using eStrataHub's Provide an Undertaking feature (see page 31). This way, you will be able to quickly find the Undertaking without having to search the Messages.

4. What happens when the undertaking is accepted?

You receive an email that tells you the undertaking has been accepted and the status of the order changes back to In Progress.

5. My undertaking was rejected. What can I do?

Usually the strata manager provides a reason for rejecting the undertaking and requires a change to the undertaking letter. You can resubmit the undertaking letter and the strata manager will receive it just as with your original letter. You can also contact the strata manager directly to resolve the issue.

6.6 Messages

1. What are messages?

Messages allow you and the strata manager to send and receive information about the order. This provides a record of all communication in one place. They can be just text, a file or both.

2. **How do I send a message to the strata manager?**

See Send Messages on page 28.

3. **How do I know if I receive a message from the strata manager?**

You will receive an email notifying you that a message has arrived for an order. In addition to the email, the Order Index screen shows an envelope icon beside orders with unread messages.

4. **What types of files can I send with a message?**

You can attach any type of file: Word documents, PDFs, spreadsheets, or images.

6.7 Receiving the Order

1. **How do I receive my order?**

See Receive Your Documents on page 38.

2. **How long will the record last in the system after it is delivered?**

An order will appear in your Order Index for 60 days after delivery, but it always stays in the system. To find an order that no longer appears in the index, use the Order# field or search by date range. See My Orders on page 12.

3. **I'm having trouble downloading my documents.**

If you receive “Access denied” or “You are not authorized” messages, please try the following solutions.

- a. **Disable Protected Mode** (requires restarting Internet Explorer):
 - If you use the IE8 or IE9 browser, you may need to disable protected mode to download ordered documents or to solve display issues.
 - In the Tools menu, select **Internet Options** and open the Security tab.
 - Find the Enable Protected Mode field and change its setting. If it is currently selected, unselect it. You must re-start Internet Explorer for the changed setting to take effect.
 - Click **Apply** and then **OK**. Close, then restart the browser. If you used this tip for a download problem, try downloading your eStrataHub documents again.
 - If you used this tip to resolve a screen display problem, check your screen to see if the problem is fixed.

4. I just get a blank or partial screen when I select eStrataHub.

If you see a blank or partial screen when you select eStrataHub from the main menu, try changing the Enable Protected Mode setting as explained above, and see the other solutions below.

a. Clear the Browser's Cache:

- In the browser's Tools menu, select **Internet Options**.
- In the General tab, under Browsing History, click **Delete**.
- A Delete Browsing History window will appear. Deselect all options except the Temporary Internet File option, then click **Delete**.
- Close, then restart the browser.
- Check your screen to see if the problem is fixed.

- b. If you use Windows 7, try the 32-bit version of Internet Explorer:** If you use Windows 7, you may want to try using the 32-bit version of IE8 or IE9 instead of the 64-bit version.

7. Appendices

The following sections describe in greater detail how to use software to make your eStrataHub experience easier and more efficient.

7.1 View, Print, or Save Your Documents

See Minimum Software Requirements on page 8 for details regarding Adobe Acrobat.

The forms and documents that you order through eStrataHub are delivered in a single "PDF Portfolio" file. The portfolio acts as a container for one or more PDF files.

In order to work with PDFs in the portfolio, you will need current versions of: Adobe Flashplayer and Adobe Acrobat Reader (or the latest version of Adobe Acrobat Standard or Professional). Adobe Acrobat Standard and Professional are commercial products, but the free software listed below might be enough for you:

Adobe Reader at: <https://get.adobe.com/reader>

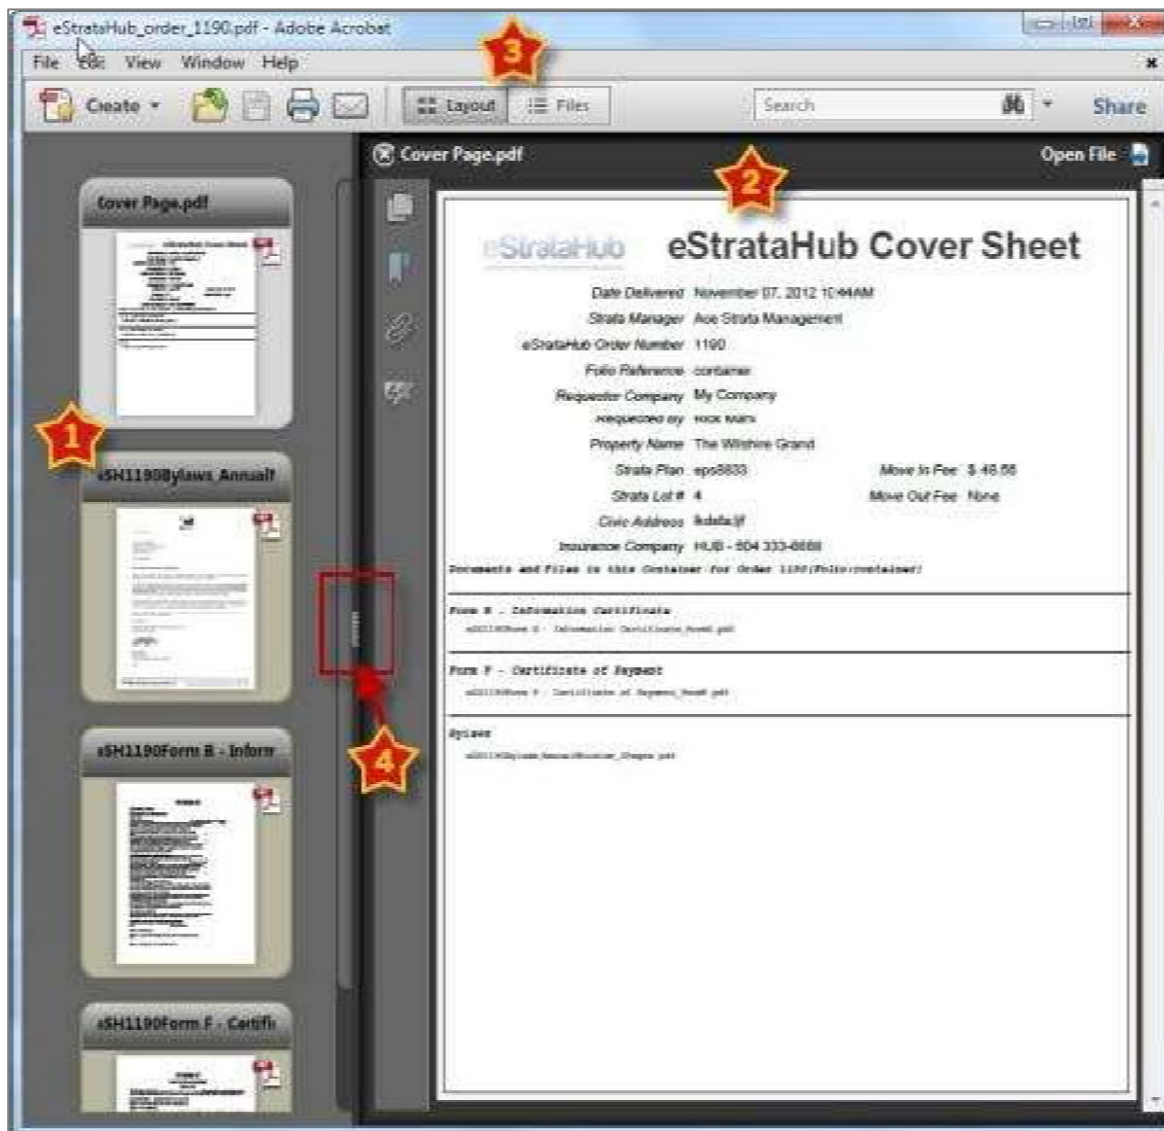

Flashplayer at: <https://get.adobe.com/flashplayer>

The following sections describe each version.

View/Print/Save in Acrobat X

When you receive your order, open the PDF Portfolio in Acrobat X.

1. The documents you ordered will appear in a "File List" on the left.
2. The first document in the portfolio will be selected, and will appear in a "Preview Window" on the right.
3. A Portfolio Toolbar appears at the top of the screen, letting you change the view of the documents (Layout or Files).
4. A "drag bar" appears between the file list and the preview window.

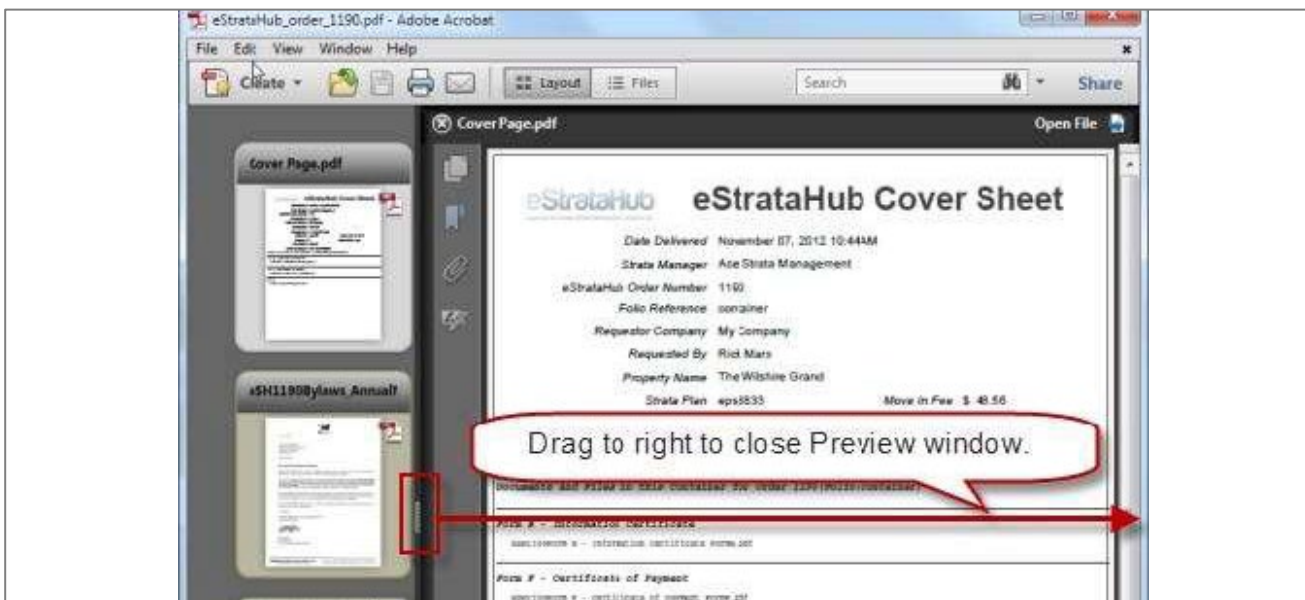

To view, save, or print a single PDF from the portfolio, click the document in the list to select it. It will appear in the Preview window. Click **Open File** in the top of the Preview window, and the file will open in Acrobat. Now you can view, print, or save the document.

To print all PDFs from the portfolio, right-click the file list and choose **Deselect All** (or press **Shift + Ctrl + A**). This will empty the Preview window and de-select all of the files in the list.

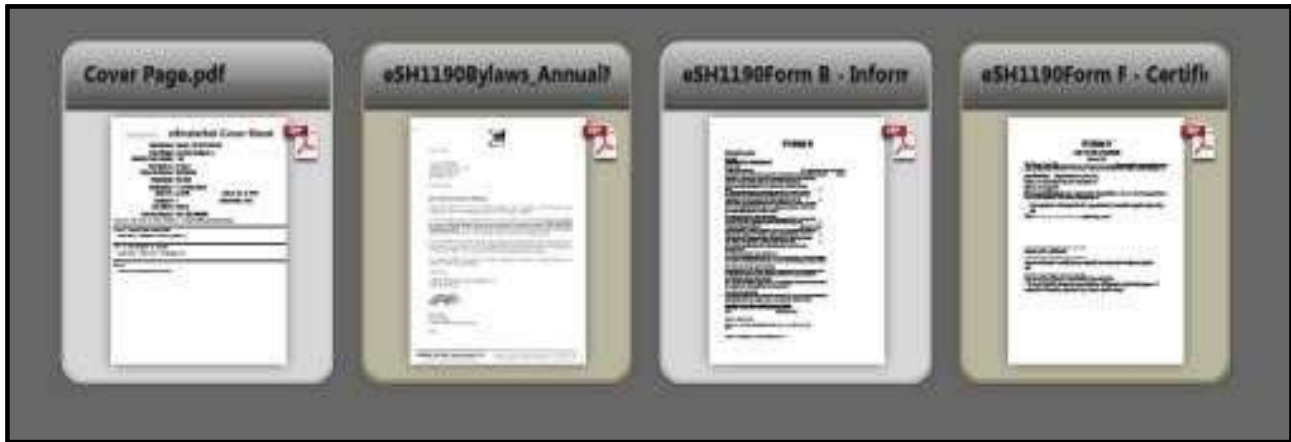

In the File menu, click **Print/Save** to go to Acrobat's Print Dialog screen. The "All PDF Files" option will appear selected. Click **OK** to print all of the files in the portfolio.

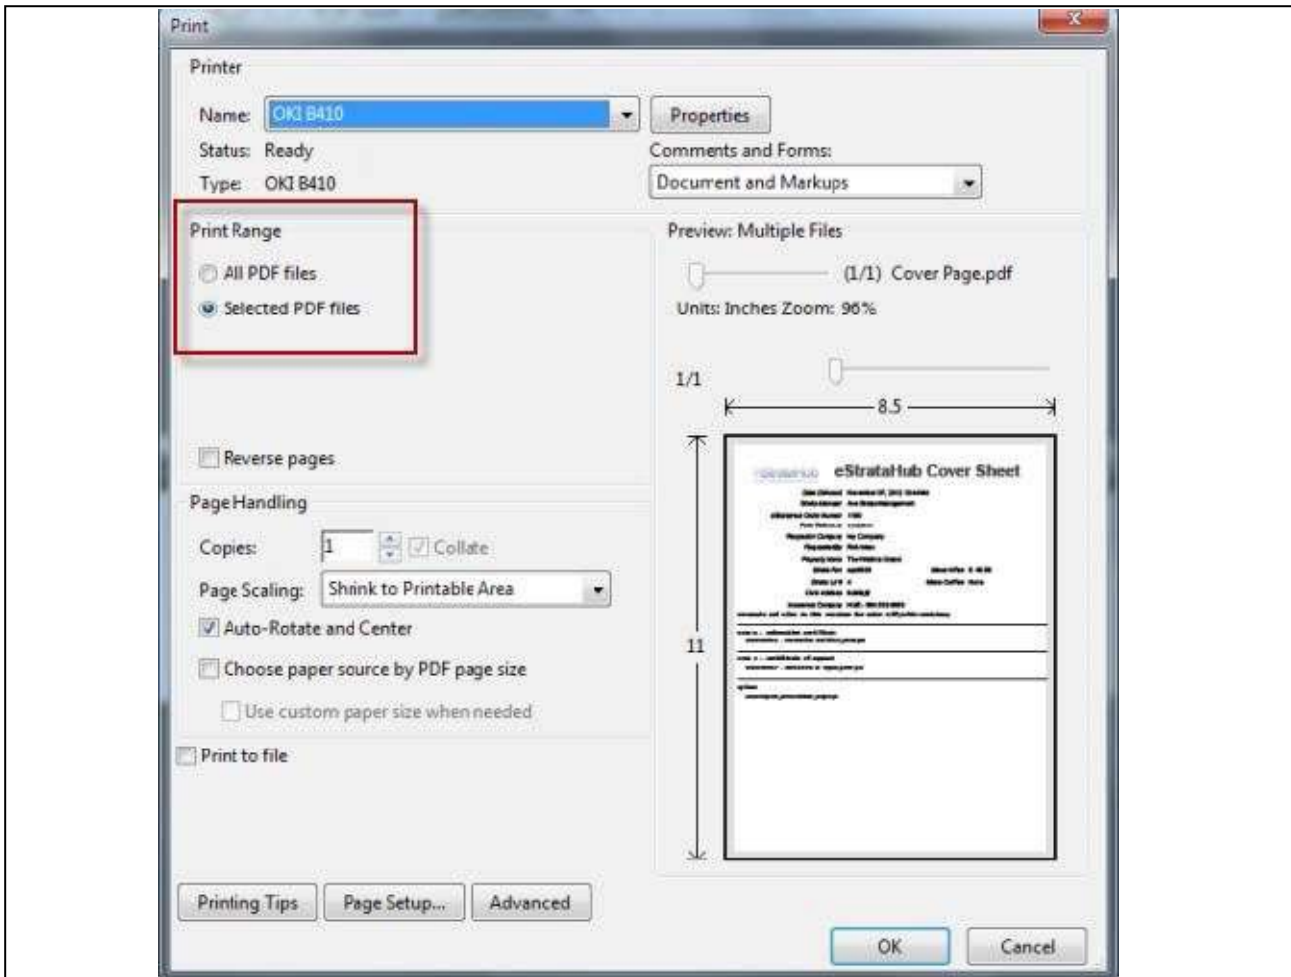

To print selected PDFs from the portfolio, you must first close the Preview window. Click and hold the drag bar, and drag it all the way across the screen to close the Preview window.

Now hold down the **Ctrl** key and click the files that you want to print. To select a range of files, you can also click the first file in the range, then hold down **Shift** and click the last file in the range. In the picture below, the first and third file are selected. In the File menu, click **Print/Save** to go to Acrobat's Print Dialog screen.

Now both the "All PDF Files" option and the "Selected PDF Files" options appear. Click **Selected PDF Files** and click **OK** to print the files you selected.

View/Print/Save in Acrobat XI

When you receive your order, open the PDF Portfolio in Acrobat XI.

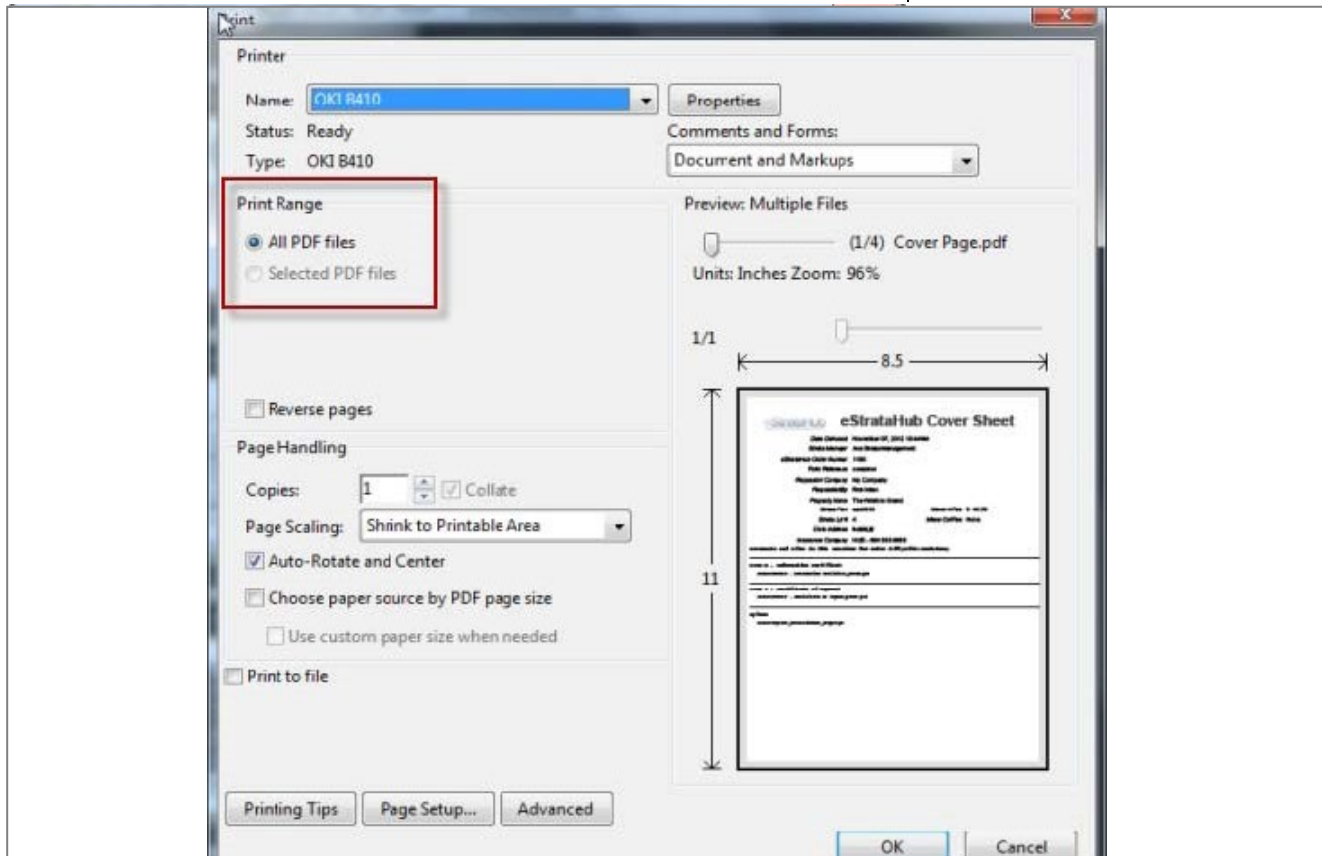

1. The documents you ordered will appear in a "File List" on the left.
2. The first document in the portfolio will be selected, and will appear in a "Preview Window" on the right.
3. A Portfolio Toolbar appears at the top of the screen, letting you change the view of the documents (Layout or Files).
4. A "drag bar" appears between the file list and the preview window.

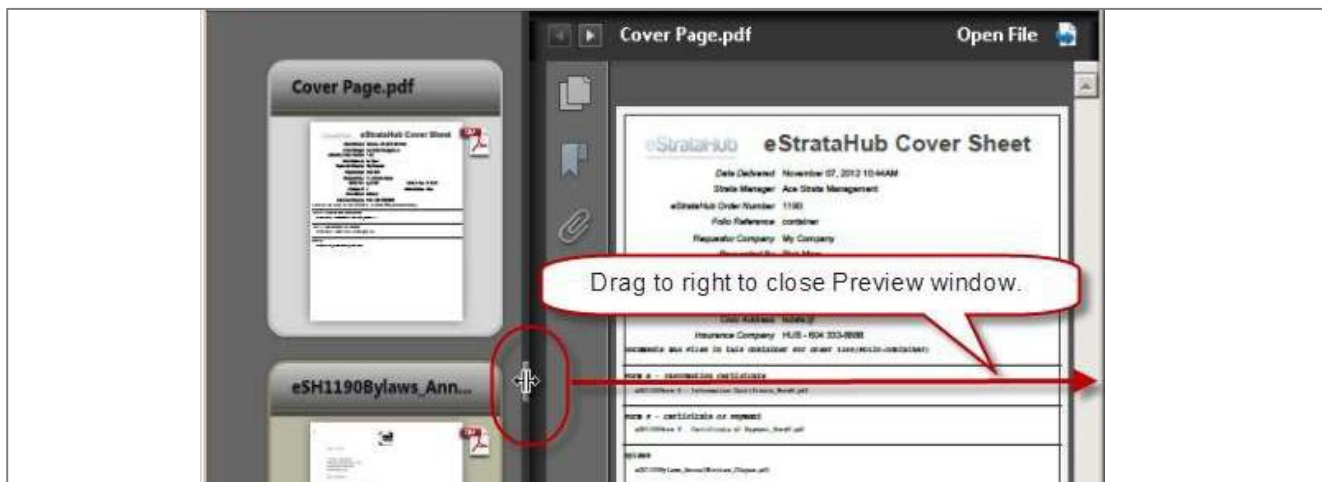

To view, save, or print *a single PDF* from the portfolio, click the document in the list to select it. It will appear in the Preview window. Click **Open File** in the top of the Preview window, and the file will open in Acrobat. Now you can view, print, or save the document.

To print *all PDFs* from the portfolio, right-click the file list and choose **Deselect All** (or press **Shift + Ctrl + A**). This will empty the Preview window and de-select all of the files in the list.

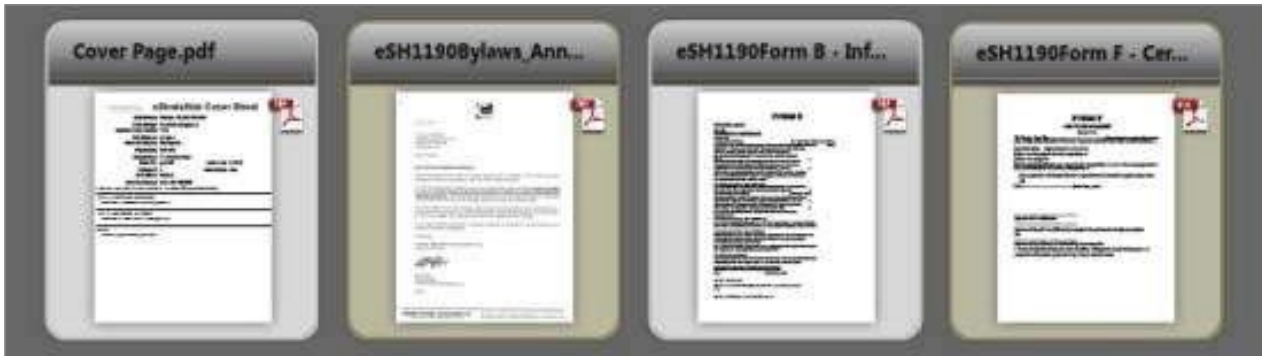

In the File menu, click **Print/Save** to go to Acrobat's Print Dialog screen. The "All PDF Files" option will appear selected. Click **Print** to print all of the files in the portfolio.

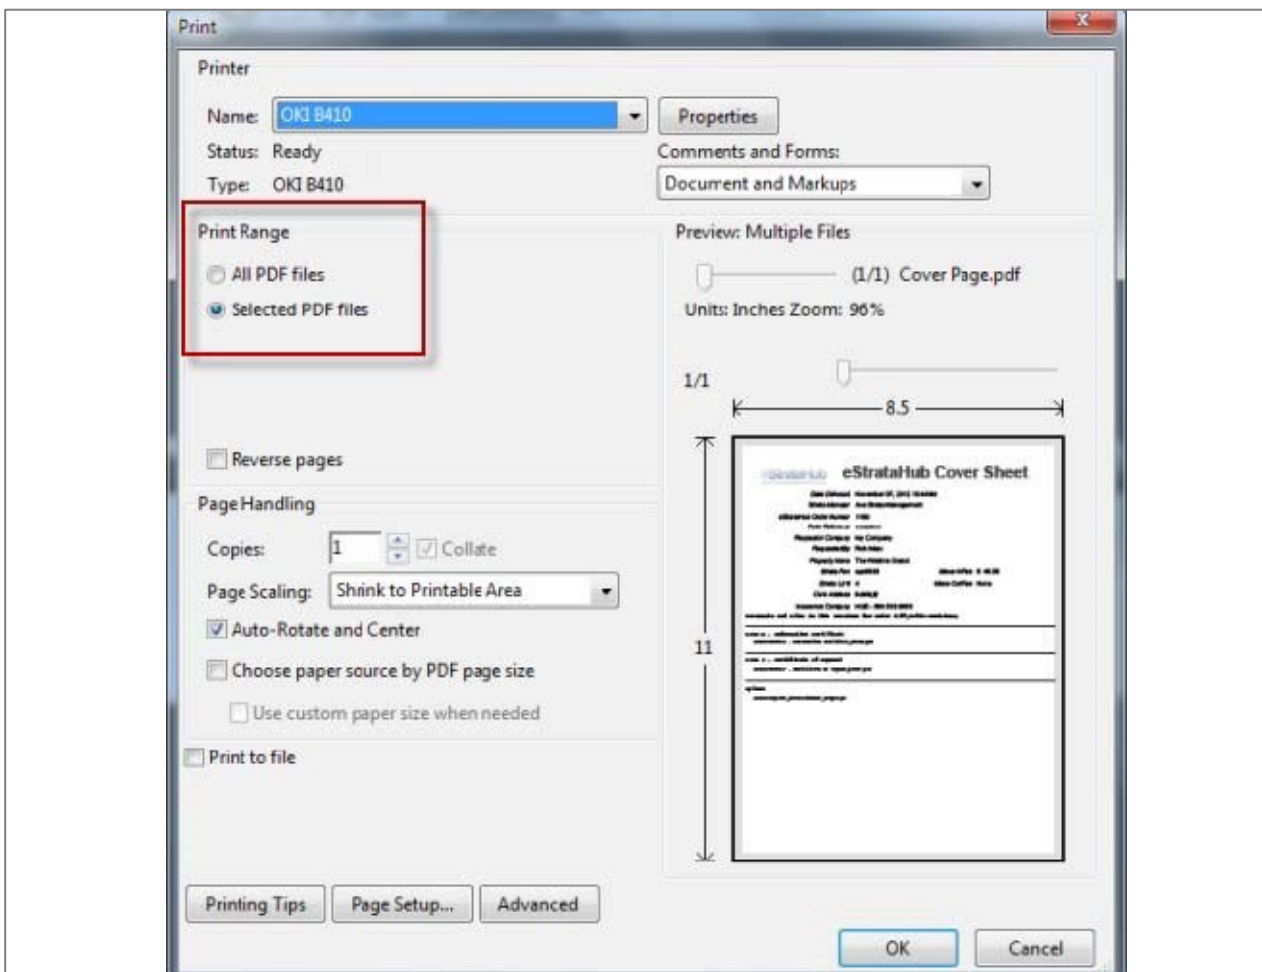

To print *selected PDFs* from the portfolio, you must first close the Preview window. Click and hold the drag bar, and drag it all the way across the screen to close the Preview window.

Now hold down the **Ctrl** key and click the files that you want to print. To select a range of files, you can also click the first file in the range, then hold down **Shift** and click the last file in the range. In the picture below, the first and third file are selected. In the File menu, click **Print/Save** to go to Acrobat's Print Dialog screen.

Now both the "All PDF Files" option and the "Selected PDF Files" options appear. Click **Selected PDF Files** and click **Print** to print the files you selected.

7.2 Using Your Juricert Digital Signature

As a lawyer or notary, you almost certainly have a Juricert digital signature that you use to e-file documents with the LTSA. As an eStrataHub customer, you can use that digital signature to sign documents such as undertaking requests.

When you receive an undertaking request, rather than attaching a signed and scanned acceptance letter, you can simply apply your digital signature to the request and return the signed version. Your digital signature will certify your identity and credentials.

You will need current versions of the Adobe Flashplayer and Version X, or XI of Adobe Acrobat.

The following sections describe signing in each version of Acrobat.

7.2.1. Digital Signature in Acrobat X

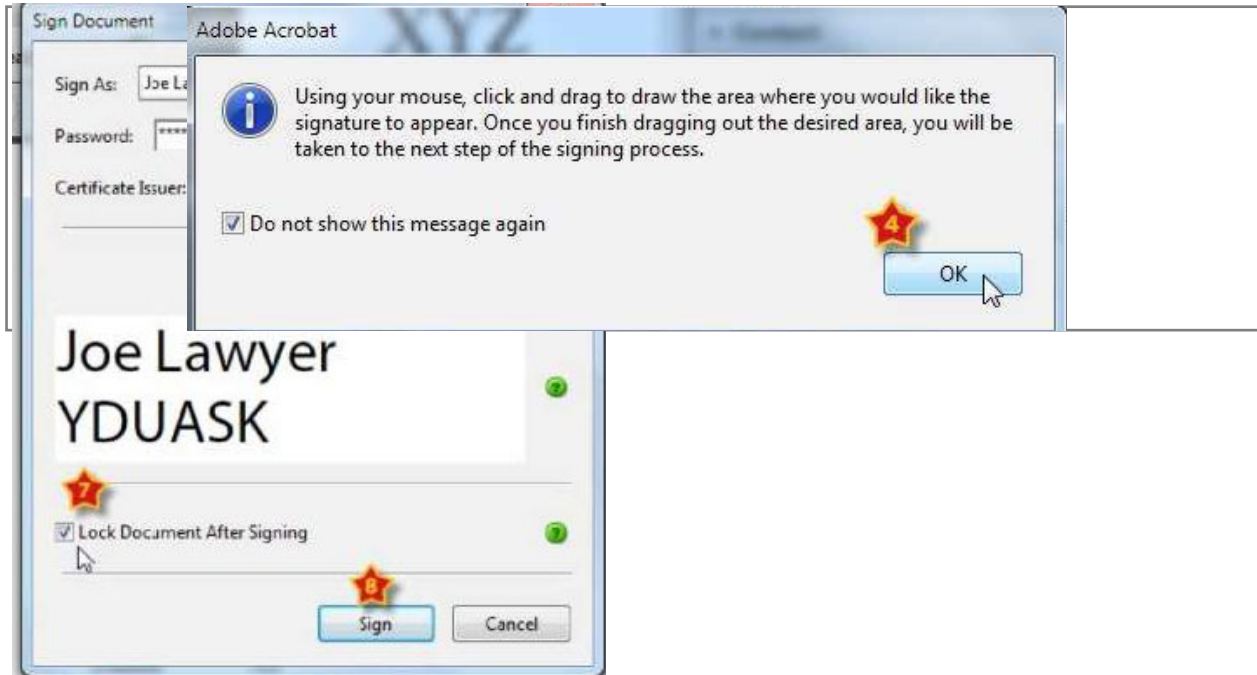

When a strata manager sends you an Undertaking Request, open it in Acrobat X and review the document. If you agree with the terms of the undertaking, indicate your agreement by signing the document with your Juricert digital signature. If the document has a signature box for you to sign, click it and proceed to step 6. Otherwise, start at step 1.

1. Click **Tools**.
2. Click **Sign & Certify**.
3. Click **Sign Document**.

4. An Acrobat dialog window will appear, reminding you how to apply a digital signature. Once you are comfortable with this process, you can check the box to tell Acrobat not to

show this message again. Click **OK** to proceed.

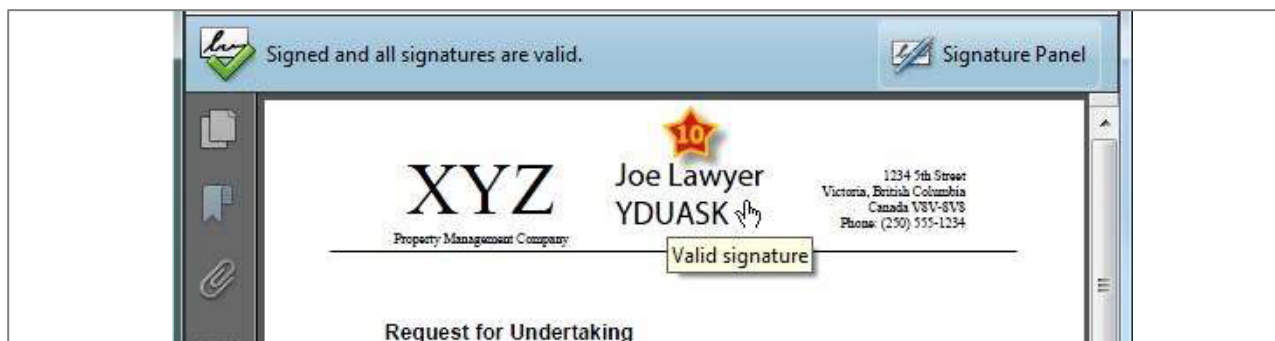

- Pick an empty part of the document (near the top if possible) and use your mouse to drag open a rectangle for your digital signature. Click the top-left corner, hold the button down, drag diagonally, and release the button at the bottom-right corner.

- Make sure your Juricert digital id is selected in the Sign As box, then enter your Juricert password in the Password box.
- If you select the box to lock the document, nobody will be able to alter the content of the document after you sign it.
- When you are done, click **Sign**.

9. Save the signed document to a folder where you can easily find it (in the example below, we have a folder called SignedUndertakings). We recommend saving the document with a name that indicates that it has been signed (in the example below, we added "JL_Signed" to the filename). When you are ready, click **Save**.
10. Acrobat will display your saved document with your digital signature. Now you can return the signed Undertaking Request to the strata manager to indicate your acceptance. See Provide an Undertaking on page 31.

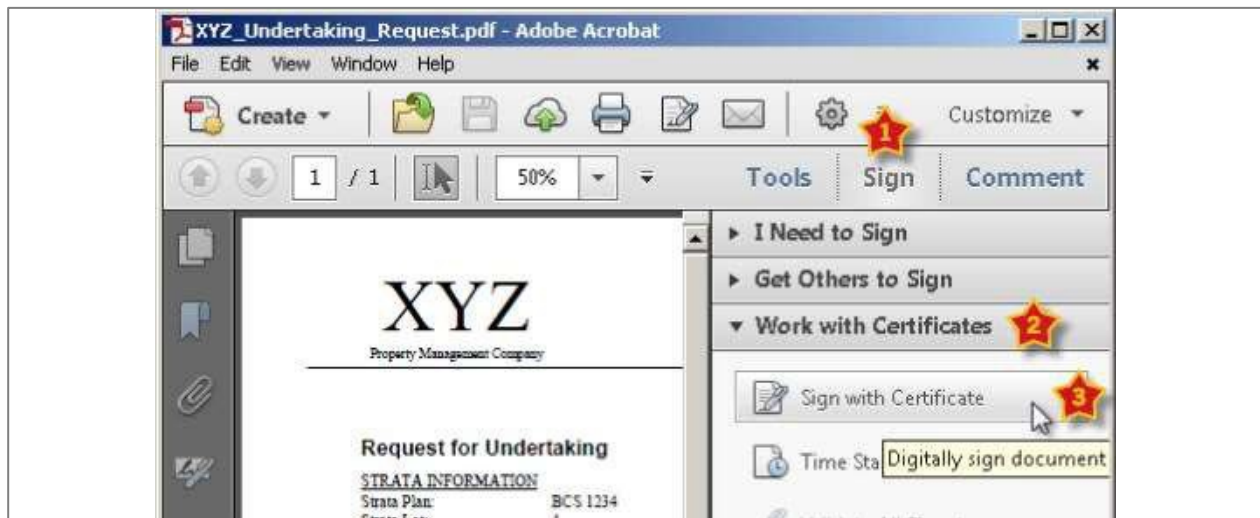

7.2.2 Digital Signature in Acrobat XI

When a strata manager sends you an Undertaking Request, open it in Acrobat XI and review the document. If you agree with the terms of the undertaking, indicate your agreement by signing

the document with your Juricert digital signature. If the document has a signature box for you to sign, click it and proceed to step 6. Otherwise, start at step 1.

1. Click **Sign**.
2. Click **Work with Certificates**.
3. Click **Sign with Certificate**.

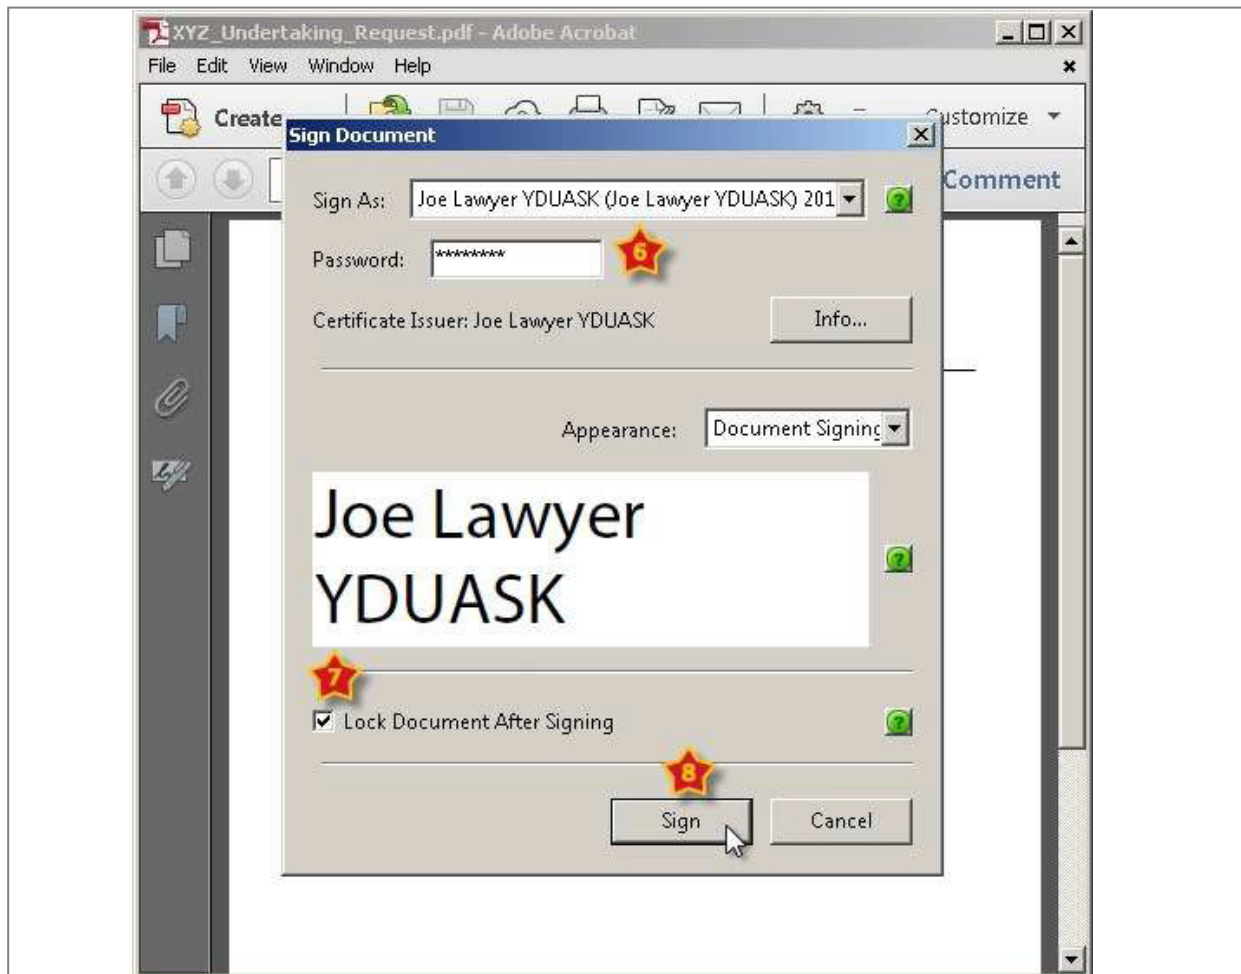

4. An Acrobat dialog window will appear, reminding you how to apply a digital signature. Click **Drag New Signature Rectangle** to proceed.

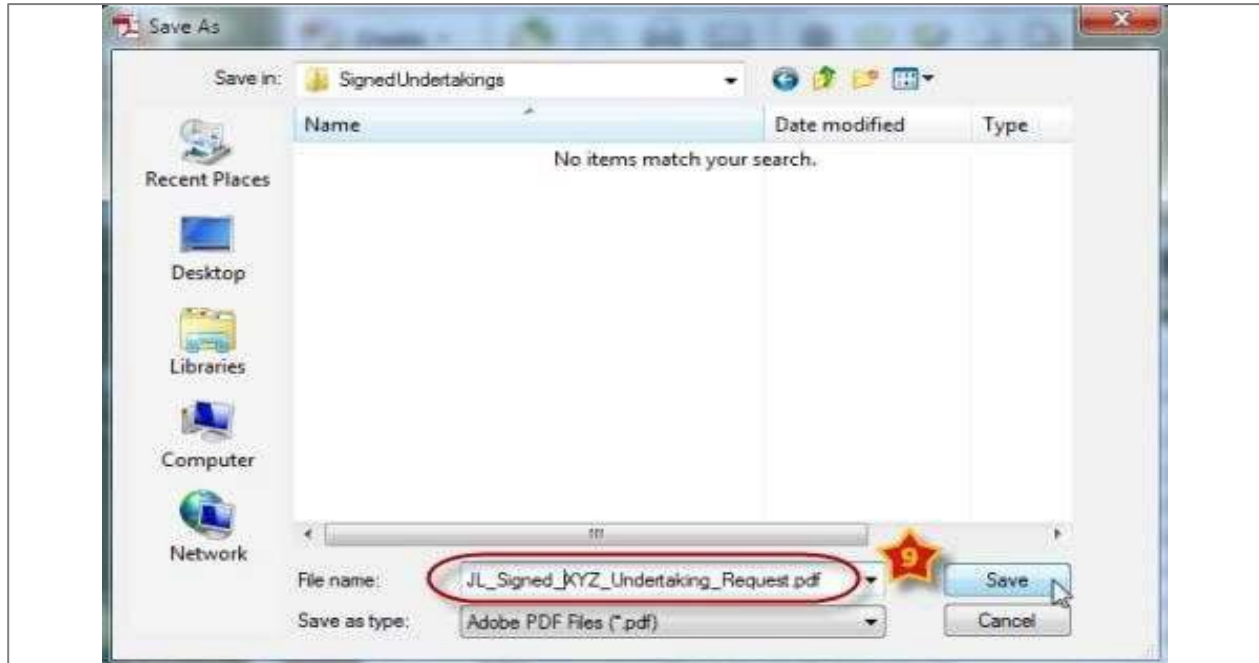

5. Pick an empty part of the document (near the top if possible) and use your mouse to drag open a rectangle for your digital signature. Click the top-left corner, hold the button down, drag diagonally, and release the button at the bottom-right corner.

6. Make sure your Juricert digital id is selected in the Sign As box, then enter your Juricert password in the Password box.
7. If you select the box to lock the document, nobody will be able to alter the content of the document after you sign it.
8. When you are done, click **Sign**.

9. Save the signed document to a folder where you can easily find it (in the example below, we have a folder called SignedUndertakings). We recommend saving the document with a name that indicates that it has been signed (in the example below, we added "JL_Signed" to the filename). When you are ready, click **Save**.

10. Acrobat will display your saved document with your digital signature. Now you can return the signed Undertaking Request to the strata manager to indicate your acceptance. See Provide an Undertaking on page 31.
